

## LAUDS COUNTY FOR INTEREST IN CHILDREN

Miss Dorothy Curtis, executive director of the Adams County Child Welfare Services, told the Adams County Board of Assistance, at a meeting Monday evening at the Assistance office, Chambersburg St., "Our community should be proud that interested citizens have been concerned so many years with our work. Less than one-half of the counties in the state have an agency supported by taxpayers."

Miss Curtis added, "By 1975, according to federal law, all counties will have to provide services for children in order to receive financial aid from the U.S. Government."

Miss Curtis said that her staff is currently providing services to 94 children, most of whom are living in foster homes. "There is always a need for persons who are willing to open their homes for the care of children," she said. Board members were urged to help to recruit interested persons by having them get in touch with the office, offering their homes for the placement of children who for one reason or another need substitute parents.

**PLAN JOINT MEET**  
The advisory board for Child Welfare Services and the Assistance Board having heard their respective executive directors explain the programs, tentative plans were discussed for a joint board meeting in the early future "so that by the exchange of ideas we can have the best program for our children," it was stated.

Mrs. Verna Myers of the Assistance Board, reviewed the assistance case load showing that there are now seven cases composed of 56 persons less receiving assistance than for a comparable period one year ago. The current load totals 592 cases with 1,085 persons.

Allen S. Stauffer presided at the meeting with Mrs. Donald Noel, Mrs. Joseph Riley, Rev. Charles Held, Evan Applier, Clyde L. Kennedy and F. Joseph Sneeringer attending.

## ROTARIANS PROVIDE OWN FOOD MONDAY

Gettysburg's Rotarians Monday night brought their own lunch to their meeting in the YWCA in order that the money usually expended for the meal might go to the Rotary Foundation to help support foreign study by some graduate student.

Their program was presented by Richard Schubart, Gettysburg High School student who is a "Junior Rotarian" this month and who resided in Holland last summer under the "Experiment International Living" program.

The YWCA joined in the program by providing coffee, cake, crackers of various types, and spreads free of charge to help complete the dinner. Visiting Rotarians, including two who flew from Frederick to "make up" a meeting, were sent to a nearby restaurant to secure sandwiches.

**CASTLES ARE CHEAP**  
Schubart showed a number of slides to illustrate his talk on Holland, Belgium and France. He noted that the "Experiment in International Living" program under which he traveled abroad has been in operation since 1932 and last year sent 1,500 Americans abroad and brought as

## Adult Education Classes To Begin

The adult education program for the York Springs-East Berlin communities will open Wednesday evening at 7 o'clock in the Bermudian Springs High School when courses in beginning and advanced typing and in needlecraft will be started.

John Rebert of the high school faculty will teach the typing classes and Miss Mildred Christman, the home economics teacher at the school, will teach the needlecraft class.

Supervising Principal Amos D. Meyers said these are the only classes in which a sufficient enrollment was secured. Persons who registered for courses which will not be offered may transfer to one of the classes to be offered, he said. New registrations for those classes also will be accepted Wednesday evening.

## Orders Probe Of Corruption

PHILADELPHIA (AP) — Judge Joseph Gold today ordered a grand jury investigation of alleged corruption in Philadelphia's city government.

The judge acted on a petition by Dist. Atty. James Crumlish requesting that the November grand jury be held over to conduct the inquiry.

The investigation will be led by Crumlish and assistants to be named by him.

Gold's ruling was on an amended petition by the district attorney, filed after an earlier one was rejected because it was not specific enough about allegations of irregularities in the city government.

## PENTZ URGES SHOP NOW AND MAIL EARLY

If you are hoping to make this Christmas really merry, Postmaster Charles W. Pentz may be your Santa Claus.

The local postal head — formally kicking off his 1962 "Shop and Mail Early" campaign — said that mailing is, for most people, one of the heaviest chores at Christmas. By making this job as simple as possible, a happier holiday is likely to result, he observed.

Virtually all Christmas mailing can be disposed of now by observation, the following five suggestions:

1. Do your shopping for your Christmas parcels now.
2. Check and revise mailing lists.
3. Mail Christmas parcels promptly. Don't worry about being too early — just mail them marked, "Do Not Open Until Christmas."
4. Buy Christmas cards and address them soon, separating cards into out-of-town and local bundles. Hold them for mailing early.
5. Buy plenty of stamps now while post office windows are uncrowded.

### NEW XMAS STAMP

For Christmas cards, the Post Office Department recommends its new first-time 4-cent Christmas stamps. Their use insures first-class mail treatment — meaning the card may contain personal messages, may be sealed, and may be forwarded or returned. They are now on sale at all post offices, as well as its stations and branches.

Incidentally, to speed Christmas card handling, letter carriers and post offices will have free supplies available of "local" and "out-of-town" bands about December 1.

In most areas, postal patrons will find that a supply of these will be left in their mail box, or they may be had from carriers or local post offices for the asking.

And 8 just as an additional peace-of-mind safeguard about parcels this Christmas 8 the Postmaster General urges that packages be insured.

### CORRECTION

The AAUW meeting scheduled for Thursday evening in the YWCA will begin with a coffee hour at 7:45 o'clock, instead of 7:15 as previously announced. H. Edgar Riegle, superintendent of the Gettysburg public schools, and Donald B. Hudson, superintendent of the Biglerville schools, will discuss the proposed school merger in Adams County under Act 561.

## Russia Continues To Back Castro Against U.S. Stand

UNITED NATIONS, N.Y. (AP) — Soviet First Deputy Premier Anastas I. Mikoyan said Monday night that sharp differences over Cuba still exist between the United States and the Soviet Union. He indicated there was no softening of Fidel Castro's stand.

The Kremlin troubleshooter talked to newsmen after attending a dinner acting Secretary-General U Thant gave for U.S. and Soviet negotiators on the Cuban crisis. Mikoyan returned to New York Monday after a 24-day visit to Havana.

U.S. Ambassador Adlai E. Stevenson, who attended the dinner, said he expects to resume discussions on Cuba Wednesday with Soviet Deputy Foreign Minister Vasily V. Kuznetsov. He said he expected the meeting to be "quite important."

**SHARP QUESTIONS**  
Mikoyan said "very sharp questions" were discussed at the dinner with Stevenson and John J. McCloy, head of President Kennedy's Cuban coordinating committee.

## Pesticides Mean Difference Between Success And Failure In Fruitgrowing And Farming Operations In County, Say PSU Specialists

The Gettysburg Times begins today a series of articles on the importance of insecticides and fungicides in the economy of Adams County and the nation in the light of the wide, current controversy about the use and misuse of pesticides.

Of prime importance to the fruit growing and farming industries in this county, the safe and economic use of pesticides is one of the chief studies conducted at the Pennsylvania State University research laboratory at Arendtsville.

Has insect control gotten out of control?  
Are agricultural chemicals to control insects and diseases agents of life or death for humans?  
Could natural enemies of these pests do the job of control if the "balance of nature" were restored?  
Is there really any choice about continuing to use these biocides? Could food supplies for a hungry world be produced without them?  
Does not the real answer lie in careful use and control of these essential chemicals that make modern agriculture possible?

Whatever answers are found to these questions they are going to be of greatest interest to Adams Countians who produce

Lewis (left), pathologist, and Prof. Dean Asquith, entomologist at the Pennsylvania State University research laboratory at Arendtsville, are in the vanguard of the battle to control fruit diseases and insects in Adams and nearby counties. ## Two Townships With \$3,500 Grant From County Construct 40-Foot Span Across Creek

Adams County's newest bridge is now open to the public.

The structure, built by Highland Twp., spans Little Marsh Creek near the property of Col. Thomas Allen, Route T-346, running north from the Orrtanna Rd. to the Lincoln Highway, west of Knoxlyn. It is built of reinforced concrete, designed to carry a 40-ton load. It is evidence of cooperation between various Adams County governments.

Highland Twp. supervisors received a \$3,500 grant from the county commissioners to construct the bridge. It added \$500 from township funds and a Cumberland Twp. crew did the construction. The engineer was J. E. Wells, Bedford Ave.

**SALVAGE I-BEAMS**  
The Cumberland road crew included Jacob Walters, John Myers, Haywood McClellan and Lawrence Heltzel and the welding was done by Clarence Turner. The bridge was erected in 20 days. The fall season was chosen for the work because water is low and the cars could ford the stream while the bridge was being constructed.

The trend toward more religious Christmas cards, which started in the late 1940's, is still gaining momentum.

A record number of religious subjects is being offered on this year's Christmas cards by the major greeting card publishers.

It is estimated that approximately 35 per cent of the more than three billion cards that will be sent this Christmas will contain religious designs.

In contrast, less than five per cent of the Christmas cards produced 15 years ago could be classified as religious in character.

**The "Madonna and Child"** is the most popular of the religious designs, once again followed by the "Three Wise Men" and the "Holy Family" (Continued On Page 3)

## TELLS OF TRIP TO HOLY LAND

Rev. Harold Myers, minister of the Foursquare Gospel Church here, spoke of his recent travels to Europe, Asia and the Holy Land at Monday evening's meeting of the Kiwanis Club at the Lamp Post Tea Room.

The Rev. Mr. Myers showed slides depicting Jerusalem, the tower of David, the Garden of Gethsemane, Jericho, Mt. Zion where the Last Supper took place, the garden tomb where Christ was buried and many other scenes of Biblical history. He also showed slides of Cairo, the pyramids, the Nile and the desert in Egypt.

Warren Apparg reported on a governor's conference last Tuesday evening at Dillsburg. The conference was attended by Mr. Apparg, H. Wayne Cluck and Donald Sullivan.

Charles Pentz reported on the testimonial dinner given at the Hotel Gettysburg last Tuesday for the Pennsylvania Commission for the Observance of the 100th Anniversary of the Battle of Gettysburg and Lincoln's Dedication of the National Cemetery. Pentz and President Roy Thomas represented Kawanis at the meeting.

President Thomas presided at Monday's meeting and introduced Joel Hill as a guest.

**YOUTH JAILED**  
Robert Thomas Miller, 18, McSherrytown, was placed in the county jail, according to the jail records, by Officer Thomas Carbaugh on a charge of dumping from a car onto the highway, brought before Justice of the Peace Charles R. Doll, Midway.

## VIOLIST WILL BE SOLOIST IN CONCERT DEC. 3

All organizations participating in the concert must turn in the money they have received from the sale of tickets and their unsold tickets not later than Friday noon of this week. Reports are to be made to Kenneth Reinhart Jr. at the Gettysburg High School.

Godfrey Layefsky, principal violist, will be featured as concert soloist for the Pittsburgh Symphony here on Monday evening, December 3rd.

He will play Handel's "Concerto for Viola and Orchestra in B minor." The concert is sponsored by Columbia Gas of Pennsylvania and the entire proceeds go to the community service projects of 18 Gettysburg area organizations.

Handel's viola concerto, according to a symphony spokesman, will be a rare musical treat for Gettysburg concert-goers. Deeper and richer in tone than the violin, the larger viola is normally heard only in supporting roles.

### WIDE EXPERIENCE

Layefsky has been associated with the Pittsburgh Symphony Orchestra for the last five years. He came from the New York Philharmonic and before that post spent 12 years with the Metropolitan Opera orchestra.

American-born and American-trained, he studied at the New York Institute of Musical Art under Sascha Jacobson and William Primrose. His first orchestra post, at the age of 21, was with the Cleveland Symphony.

The Gettysburg concert of the Pittsburgh Symphony will again be held in the high school auditorium. Starting time is 8:15 p.m. Ticket chairman Kenneth G. Reinhart Jr., says there may be a few tickets on sale at the box office on Monday evening, December 3, but suggests that tickets in the hands of participating clubs be purchased as early as possible.

## WILL LECTURE ON THURSDAY

Dr. Charles C. Sweeley, an assistant research professor in the graduate school of public health, University of Pittsburgh, will give a lecture Thursday evening at 8 o'clock in Breidenbaugh Science Hall at Gettysburg College.

He will lecture on the "Biosynthesis of Cholesterol." The lecture is one of a series of seminars honoring Dr. John B. Zinn, emeritus head of the chemistry department at the college. They were begun in 1960.

Dr. Sweeley's researches related to cholesterol have unusual current interest to students of chemistry and biology. He and his coworkers have published research on diets high and low in cholesterol and on analysis of biochemical interest. New techniques such as gas chromatography have been used.

On Friday, Dr. Sweeley will speak to college classes in organic chemistry and will meet with students interested in graduate work in biochemistry.

### 4-H LEADERS TO MEET

The Adams County 4-H Senate officers and advisors will meet this evening at 7:30 o'clock at the courthouse, Associate County Agent Duane Duncan has announced.

All of the clergy and the members of the 15 parish councils and four affiliated organizations which comprise the deanery are invited to attend.

The panel program will be given by Mrs. Marguerite Lough, school nurse at Delone and Annunciation Schools; Captain Richard Klunk, head of the math department at South Western and president of Delone PTA, and Mrs. Leroy Smith, retired First Grade teacher, who is currently substitute teacher for Hanover, Conewago Twp. and South Western Jointure.

A meeting of the board of directors will precede the open meeting, and will begin at 7 p.m. with Mrs. Paul E. Alfio, deanery president, in charge. Each parish president is to be prepared to present the name of a member of her council to serve on the Conewago Deanery nominating committee.

## Plan Lighting Contest Here

The Civic Affairs Committee of the Gettysburg Chamber of Commerce announced today that it will sponsor a Christmas Home Lighting contest here this season.

Two hundred dollars in cash prizes will be distributed to the top five winners in the judging to be conducted Friday, December 28. The judges have not yet been announced.

The first prize will be \$75; second, \$50; third, \$40; fourth, \$25, and fifth prize, \$10.

Only homes in the borough and within a two-mile radius of Gettysburg will be judged. The prizes will be awarded on the basis of artistic merit, originality, lighting techniques and ingenuity, according to Wilbur Varian, chairman of the sponsoring committee.

Beginning Friday of this week, the Gettysburg Chamber of Commerce will start running a display advertisement in The Gettysburg Times announcing the rules for the contest and including an official entry blank which contestants must fill out and mail to the Chamber of Commerce office in the Plaza Building by December 24.

Jack H. Orner, Arendtsville, retiring general finance chairman for the annual campaign for funds in the Black Walnut Boy Scout District in the area outside Gettysburg, today sent copies of his final report to all members of the campaign committees in a windup of this year's campaign preparatory to the beginning of the 1963 drive.

## ORNER GIVES FINAL REPORT ON '62 DRIVE

Orner, recently elected district commissioner, will function in that capacity for the first time tonight at the Cub, Scout and Explorer round table to be held at 8 o'clock at the West St. branch of the Gettysburg National Bank.

Orner's final report letter also serves to introduce Charles E. Kingston, who had been assistant general finance campaign chairman, as the new general finance chairman. The 1963 campaign will open with the special gifts drive starting January 1. The general solicitation will start in February.

Orner expressed his appreciation to all of the solicitors who raised the \$5,700 goal of the 1962 campaign. The fund drive is held by the Black Walnut District in the area outside Gettysburg. Gettysburg's share for the Boy Scouts is raised through Community Chest.

The 1963 general fund campaign chairman, Charles Kingston, is a former Scoutmaster and currently a committeeman for the Aspers troop and post and has served as general finance chairman.

It was Pinko and Ellis Campbell, who is stockroom clerk at Murphy's, who made the capture in the store's basement. Campbell was not shown on the picture.

## Fear Early Resumption Of China-India Warfare

By ALAN KENNEDY  
NEW DELHI, India (AP)—Expectation of a renewal of fighting on the Chinese-Indian border in the coming weeks mounted today as the cease-fire went into its sixth day.

Indian leaders gave these indications of impending military action.

President Sarvepalli Radhakrishnan declared India would show the world that Chinese "aggression does not pay."

The course may be full of hazards, suffering and sacrifice, but "however high the price, we are prepared to pay it," he said at a banquet Monday night for the visiting West German President Heinrich Lübke.

### BATTLE AGGRESSION

Home Minister Lal Bahadur Shastri, one of Prime Minister Nehru's closest aides, told a rally: "We have decided to get the aggression vacated and, if China does not vacate it peacefully, our forces shall have to fight it out."

Shastri, as quoted by the Hindustan Times, also said that if necessary India would use its air force against the Chinese. India so far has used only transport

## SWOPE TELLS AUXILIARY OF '63 PROGRAM

Atty. Donald M. Swope, a member of the state commission arranging the observance of the 100th anniversary of the Battle of Gettysburg and Lincoln's Gettysburg Address, spoke to the members of the Warner Hospital Auxiliary Monday afternoon concerning local plans for the 1963 observance. He said that, following a recent ruling of the National Park Service, a re-enactment of the battle will not be held. He said "The events at Manassas brought about the ruling that no further re-enactments will be held on National Park land."

"The Antietam celebration was permitted because the land was privately owned when it was leased to the producers and the government bought it with the understanding that a re-enactment would be held."

"The State Commission was not in favor of this type of program because of staging difficulties, expense and because it feels that it reduces what was a terrible blood battle to play-acting."

### OUTLINES PROGRAM

Swope gave a brief outline of the program that is being planned. A religious emphasis will be placed on Sunday, June 30, 1963, with special services in all the local churches and a large interdenominational and interfaith meeting in the evening.

Other events include: Monday, July 1, official opening exercises by the governor at the Peace Light; Tuesday, July 2, parade and a commemorative event at the site of Pickett's Charge; Wednesday, July 3, it is hoped that the President of the United States will speak. Swope quoted from Bruce Catton's recent speech "The Irrepressible Centennial" and said it is the Commission's intent "to have a dignified and reverent anniversary of the Battle." He was introduced by Mrs. Edmund W. Thomas.

## Believe 97 Dead In Peru Plane Crash

LIMA, Peru (AP)—A Brazilian jet airliner, flying toward Los Angeles with 97 persons aboard, was found wrecked 75 miles south of Lima today with no sign of survivors, Peruvian officials reported.

The Varig Air Lines 707 had disappeared eight hours earlier as it headed for a landing at Lima on a flight that originated at Porto Alegre and Rio de Janeiro, Brazil.

A search plane said the Boeing plane seemed to be completely destroyed. It was sighted 75 miles south of Lima near the Pan-American Highway.

The plane was bound from Brazil to Los Angeles, with intermediate stops scheduled in Peru, Colombia, Panama and Mexico. Varig said it carried 80 passengers, with 9 of them ticketed for Los Angeles and the remainder for Latin American points.

### HEARD EMERGENCY CALL

The \$5-million plane carried a crew of 17.

The plane was due to set down at Lima's International Airport about 3:30 a.m. EST.

Authorities said it radioed a normal position report five to seven minutes before the scheduled landing and gave no indication of difficulties. However, Varig offices in Rio de Janeiro and New York said an emergency call had been heard.

### OFFICIAL ABOARD

Lima airport said the plane apparently was flying at 12,000 feet near the Pacific Coast.

Among passengers reported by Varig to be aboard were Raul Cepero Bonilla, economic adviser to Fidel Castro and president of the Cuban National Bank; and the Peruvian minister of agriculture, Jesus Melgar, with his wife. They had been attending a regional meeting of the Food and Agriculture Organization in Rio de Janeiro.

## GALE LASHES E. COAST WITH 5-FOOT TIDES

By THE ASSOCIATED PRESS

Gale winds lashed Atlantic coastal areas today, with high tides from three to five feet above normal expected from Cape May, N.J., to Cape Hatteras, N.C.

Gale warnings were posted from Cape May to Daytona Beach, Fla., and small craft warnings were in effect from the New Jersey coast to Provincetown, Mass., and from Charleston S.C. to Cape Canaveral, Fla.

The Weather Bureau warned of flooding in low-lying areas from Delaware to northern Florida. Wind gusts of 60 to 75 m.p.h. with heavy rain, swept Hatteras Monday, while Norfolk, Va., reported winds up to 61 m.p.h. The center of the storm was some 250 miles east of the Georgia coast.

### DESTROY BRIDGE

The rough sea water destroyed about 250 feet of a temporary bridge between Avon and Buxton, N.C. Emergency ferry service was planned between Hatteras and Avon. Water splashed across highways all along the Nags Head-Kill Devil Hill section, but no major property damage was reported.

It was chilly in most of the Northeast and some cool air again dropped deep into the Southeast. Temperatures of freezing or below were reported in several areas in eastern Tennessee, and northern Georgia, with a low of 27 in Rome, Ga. In Florida, the mercury dropped to 48 in Miami, with lower marks in northern sections.

## Krape Painting To Be Presented

Ernest Krape, Gettysburg R. D. artist, will be honored and will present one of his paintings at the closed circuit telecast of the American Pageant of Arts, to be presented Thursday night at 8:30 o'clock by the Arts Council of York County in William Penn High School, York.

The closed circuit telecast will be presented by a number of top artists and actors to about 100 similar meetings throughout the nation. Cost of the admission will be \$2.50, of which half will be sent to Washington toward the fund for conservation of the National Cultural Center there. The bill for the land for the building was signed by former President Dwight D. Eisenhower during his term of office and provided that the building funds be raised by the American people. Honorary chairmen for the center are Mrs. John F. Kennedy and Mrs. Eisenhower.

Tickets for the program will be available at the door. To promote membership in the organization Mr. Krape is offering a picture to a member of the Arts Council of York County at the program Thursday. The member selected will be able to choose one of three paintings by Mr. Krape.

Mrs. Burton Helberg, Spring Grove R. 1, membership chairman, said individual memberships in the society are \$1, sustaining memberships are \$10.

## Visiting Priest Is Stricken Today

Rev. John Goch, of the diocese of Alexandria, New Guinea, who delivered sermons on the work of the missionaries in his diocese at the five Masses in St. Francis Xavier Catholic Church Sunday, was stricken with appendicitis suddenly at the local rectory this morning and removed to the Warner Hospital. He was scheduled to undergo surgery today for the removal of his appendix.

Rev. Fr. Goch, a native of Johnstown, Pa., also spoke on the church's mission work in New Guinea at public meetings in Xavier Hall Sunday and Monday evenings.

## Miss Carrie Vaughn Dies Monday At 81

Miss Carrie Vaughn, who reached her 81st birthday anniversary on October 30, died Monday evening at the Pape Convalescent Home, Lincolnway West, where she had been a guest for the last two years.

She had resided at 146 Chambersburg St. after moving to Gettysburg some years ago from Cumberland Twp. She was a daughter of the late Samuel and Annie Dull Vaughn and lived in this county most of her life.

Surviving are a brother, Roy Vaughn, Gettysburg, and a number of nieces and nephews.

Funeral services Thursday afternoon at 2 o'clock at the Peters Funeral Home, Carlisle St., with her pastor, the Rev. Dr. Paul L. Reaser, officiating. Interment in the Evergreen Cemetery. Friends may call Wednesday evening from 7 to 9 o'clock at the funeral home.

Mrs. Winebrenner added that she would take the names of volunteers for the monthly workshop to be held at the home of Mrs. Allison. She also explained the working of an Information Center to be set up at the hospital for which volunteers will be needed.

The auxiliary agreed to purchase the Christmas trees needed for the hospital. There will be no meeting in December.

Following the meeting tea was served by the Wednesday Bridge Club, with Mrs. Keith Burger, Hanover, pouring.

GENEVA (AP)—The 17-nation disarmament conference was back in its familiar deadlocked rut today after resuming with expressions of hope that nuclear weapons tests would soon be banned. Neither the western powers nor the Communists showed signs of giving ground on the inspection issue.

After both sides indicated at the reopening of negotiations Monday that the Cuban crisis had created a new sense of urgency for progress in Geneva, their statements on nuclear testing put them once again on a dead-end course.

## Cuba Is Kept Under A Close Radar Watch

KEY WEST, Fla. (AP)—During the first two days of the Cuban crisis, U.S. air defense jets flew about 750 sorties over the waters between this southernmost tip of Florida and Cuba.

Disclosing this today, an informed source said: "We keep a constant radar watch over the Cuban area. If anything comes out of Cuba toward the north, we scramble."

He said about one-third of the fighter craft based here are on five-minute alert at all times and when the powerful radar pointed toward Cuba picks up a suspicious blip "these pilots move out pronto."

### NO RED THREAT

This informant said there is "absolutely no basis" to persistent rumors that Soviet U-2-type planes have operated at high altitudes over the Florida coast. No other Cuban planes have penetrated U.S. airspace, he added.

Supplementing ground station radar are aircraft which maintain an airborne radar watch. Navy P-2V patrol planes based here are able to stay aloft for as long as 18 hours, the source said.

This authority said Air Force and Navy fliers were confident they could have knocked down most, if not all, of the Soviet bombers before they reached the U.S. coast had such an attack been made from Cuba.

## \$150,000 WORTH OF COINS STOLEN

MIDDLESBORO, Ky. (AP)—Coin collections with a total estimated value of \$150,000 are missing. They were stolen from a druggist in Middlesboro and a newspaper employee in Minneapolis.

Perry H. Siler, co-owner of two drug stores, said a collection he valued at \$90,000 was taken last weekend while he and his wife were away.

Rogert W. Lannan, 31, said his \$60,000 collection was stolen Sunday night while he was at his job in the Minneapolis Tribune mailing room.

Siler, a collector for 18 years, said he had a \$1 gold piece worth \$6,000, plus commemorative silver, paper money and thousands of pennies, many of them Indian heads.

Lannan said many of his coins were unrecirculated pennies obtained directly from the mint.

## 5 MEN SPLIT ON WINNER IN GOPHER STATE

ST. PAUL, Minn. (AP)—The State Canvassing Board couldn't agree and it is now up to the Minnesota Supreme Court to decide who won the closest governor election in the state's 105-year history.

The five-member board split three ways Monday in failing to certify a winner in the Nov. 6 election. Because state law requires all five members must sign the election certificate, the muddled governorship election went to the court.

Two board members voted to accept original county canvassing board returns which gave Lt. Gov. Karl Rolvaag, the Democratic candidate for governor, a 58-vote lead.

### UP TO COURT

Two others voted to accept returns from 10 counties which gave Republican Gov. Elmer L. Andersen a margin of 142 votes.

The fifth board member said the dispute involved legal questions that must be decided by the Supreme Court before a winner can be certified.

The controversy hinges on whether the board should count revisions in 10 county canvasses. The revisions swung the lead from Rolvaag to Andersen.

It was doubtful even a State Supreme Court decision on the legality of the amended returns will settle the matter. The loser is almost certain to demand a recount.

Denmark sold the Virgin Islands to the United States in 1917.

## Littlestown

### COUPLE MARKS WEDDING DATE

Mr. and Mrs. John N. Staub, 36 E. Myrtle St., Littlestown, observed their 51st wedding anniversary on Sunday with a reception in the social hall of Redeemer's United Church of Christ, Littlestown. The golden anniversary itself could not be celebrated last year due to the illness of Mr. Staub. Approximately 125 relatives and friends attended the affair to bring gifts and offer good wishes and congratulations to the celebrating couple.

John Norman Staub, a son of the late William and Sarah Staub, and Mrs. Staub, the former Maude Elizabeth Wherley, daughter of the late Henry and Mary Wherley, were united in marriage on December 21, 1911, by the late Rev. Dr. F. S. Lindaman.

The framed wedding certificate with pictures of bride, groom and minister was on display, as well as a portrait of Mr. and Mrs. Staub from the early years of their marriage. Mr. and Mrs. Staub had no children, but they were parents to Charles Plank, near town, from the time he was eight years old. They

MR. AND MRS. STAUB

lived on the same farm, near St. James' United Church of Christ, for 43 years. They retired and moved into their new home on E. Myrtle St. Mr. Staub, who is 76, has recovered from his major surgery of last year and is employed by Koons' Florist, Littlestown. Mrs. Staub, who is 74, also does seasonal work. He was Sunday school superintendent, a choir member and a member of the consistory at St. James' Church, and she was active in the Ladies' Aid Society. After moving to town, Mr. and Mrs. Staub joined Redeemer's Church.

### "THROUGH THE YEARS"

A brief program followed the luncheon, when the above facts were brought out in a message "Through the Years With John and Maude" by Chester S. Byers, who served as toastmaster. The invocation was offered by the Rev. Dr. Edward R. Hamme, a former pastor of the celebrating couple. "An Anniversary Thought" was given by their pastor, the Rev. Glenn Flinchbaugh. Miss Betty Lou Sell, of town, sang several solos, accompanied by Mrs. George A. Stonestifer. The guests all joined in singing "Let Me Call You Sweetheart."

Mr. Staub also spoke briefly. Among the guests were Mr. Staub's sisters, Mrs. Florence Null, Mrs. Retta Staley and Mrs. Zona Harner, and her sister, Mrs. Annie Murray, Gettysburg, and brother, Maurice Wherley, Gettysburg R. 1. Unable to be present was her brother, Charles Wherley.

The centerpiece for the speaker's table was a four-tier wedding cake topped with a golden bell, and surrounded with smilax and yellow mums. Miniature horse and buggy, mounted on a base with mums was the centerpiece of the individual tables; this was the mode of travel used by the bride and groom on their wedding day. Women of Redeemer's Church served. The floral decorations were a gift of Koons' Florist.

CHICAGO (AP)—William Rishel, 17, of York, Pa., received a \$300 college scholarship for achievement in 4-H beef production. The award was announced Monday at the 41st National 4-H Club Congress.

## 90th Birthday

Mrs. William L. Scott is shown at her home, Gettysburg R. 2, as she observed her 90th birthday November 5. Still in good health, she performs many household duties. Her husband, William L. Scott, died 12 years ago. She has six children, William M. and Robert L. Scott, both of Gettysburg R. 2; Mrs. Stanley Tracey, Fairfield; Miss Elizabeth L. Scott, a nurse at the hospital here; Miss Janet Scott, also at home, and Mrs. C. E. Jackson, Berkeley Heights, N.J. There are six grandchildren and one great-grandchild. She has been a member of the Lower Marsh Creek Presbyterian Church for nearly 60 years.

Mark Heiney, chairman, \$5.

The Special Gifts Committee headed by Dr. W. E. Tilberg raised \$1,454.10 of the total while the general door to door campaign raised \$3,220.90. The campaign showed an increase in the special gifts and a decrease in the amount raised by the general solicitation. The 1961 figures were \$2,406.52 from special gifts and \$3,293.48 from the general solicitation.

## Heart Ailment Fatal To Doctor

HARRISBURG (AP)—Dr. W. P. Dailey, 55, medical director of Harrisburg Hospital, died today. Dr. Dailey attended to his customary duties Monday in apparent good health. He was admitted to the hospital in late afternoon with a heart ailment. His death followed this morning.

Dr. Dailey had been a member of the hospital's medical staff since 1933. He gave up private practice in 1960 to become medical director.

A native of Steelton, he was graduated in 1929 from the University of Maryland Medical School.

ily." Other religious motifs run the gamut from drawings of cherubs to choirs, open Bibles to the traditional snow covered New England church.

Beside the religious Christmas cards for general use, greeting card publishers have also made available a wide variety of cards especially designed to be sent to the clergy.

There are such special titles as "To Our Pastor," "To The Minister and His Wife," "To You in the Lord's Service," and "To You Who Teach His Word." There is also a card for "Sunday School Teacher."

\*\*\*

The first religious Christmas cards were published in Belfast, Ireland, in 1875, the same year that Louis Prang, a prominent Boston lithographer, became the first American to produce Christmas cards on a commercial scale.

It wasn't until 1890, however, that religious designs started appearing on American Christmas cards. In fact, the majority of the early Christmas motifs had little or no relation to Christmas or the winter season. They pictured summer flowers, seascapes, fairies, kittens, children playing, even fish and reptiles.

## ROTARIANS

(Continued From Page 1)

many students here. Many of the men who established the program assisted with the formation of the Peace Corps, Schubart said.

Castles and windmills are cheap to come by, but expensive to maintain, the youth said. "A windmill can be secured for 30 cents in American money but you have to sign a paper promising to maintain and operate it, and because that is so expensive there are few takers for windmills. The windmills today are more for appearances than for use. Electric pumps do most of the pumping. But Holland is proud of its windmills and wants them maintained. The castles name is the Netherlands, but so are cheap, but their maintenance is so high that most of them today are owned by clubs or lodges."

He noted that "Holland's real name is the Netherlands, but so many foreigners called it Holland that the Dutch finally came to call it Holland also."

FAMOUS STORY FICTION "The story of the boy who put his finger in the dike to save it was written by a foreigner and never happened, but it became so popular that while I was there last summer the government was putting up a statue to the boy who put his finger in the dike—even though it never happened."

He showed slides of a Dutch village where the habitants continue to wear the wooden shoes and billowing clothing of Holland and noted that "the only persons who may live in the village are people who are born there. You can't just move into it."

Narrow streets and many canals cause an unusual motoring problem in Holland, he said. "There are no guard rails along most of the canals and very frequently, when big trucks pass on the narrow streets, the motor cars are forced into the canals. The people don't get excited about it. They accept it as part of the regular routine and just get a big crane to fish out their car."

President Clark Smith presided at the meeting. The speaker was introduced by Vice President Robert MacAskill, Alexander

## Mark 50th Anniversary

Mr. and Mrs. William L. Musselman, Fairfield, are observing their 50th wedding anniversary today at their home.

William L. Musselman and Iva F. Sheffer were united in marriage November 27, 1912, at the home of the bride's parents, the late Maurice and Flora (Shaeffer) Sheffer at Virginia Mills, by the Rev. William K. Fleck, pastor of Zion Lutheran Church, in the presence of 25 guests. They were attended by the late Clara M. Landis, sister of the groom, and George W. Kefauver, Middletown,

Md., cousin of the bride.

Mr. and Mrs. Musselman are the parents of two daughters and two sons: Mrs. A. E. Chronister, Virginia Mills, formerly of Hanover; Mrs. Granville F. Miller, Doylestown, Pa.; Atty. John M. Musselman, Camp Hill, and Roy D. Musselman, associated with the Bureau of Census, Pittsburgh, Kansas. There are 10 grandchildren.

They have resided in the same home throughout their married life. Mr. Musselman has been associated with the firm of J. M. Musselman's Son for 65 years.

### OREGON ACCEPTS

PHILADELPHIA (AP)—Oregon State today accepted an invitation to play Villanova in the fourth annual Liberty Bowl Football Game at Philadelphia Stadium Dec. 15.

The announcement was made by Bud Dudley, president of the Liberty Bowl, at a luncheon of the Philadelphia Football Writers Club.

### SURPRISE PARTY

A surprise 40th wedding anniversary party for Mr. and Mrs. Clyde W. Myers, Fairfield, was given at their home over the weekend by Mr. and Mrs. Clyde F. Myers Jr., R. 3, and Miss Donna Jean Myers, Fairfield. Fifty persons attended the affair. Out-of-town guests were from Carlisle, Chambersburg, Biglerville, Ardenstville, Gettysburg and Littlestown.

Griest and Dr. Kenneth Smoke led group singing. Melvin Sargeant announced that payment for the Pittsburgh Symphony tickets sent members must be in his hands by Friday. Checks sent him should be made out to Kenneth Reinhart.

### ADVERTISE IN THE TIMES

## Buck Killed By Truck On Monday

A 130-pound buck deer was killed when hit by a truck on the Hanover - Littlestown highway about 6:10 a.m. Monday, the 41st deer killed in that area since the first of the year and the 13th the past two weeks.

Robert L. McKain, deputy game protector, said the deer ran in front of a truck operated by Kenneth E. Fuhrman, Hanover R. 1, near the Hanover Shoe Farms office. The impact hurled one-half of the deer's 12-point rack into a field. Damage to the truck was placed at \$50. The deer was taken to a Hanover butcher to be prepared for use at the Hanover General Hospital.

## 20,000 WILL BE DRAFTED

WASHINGTON (AP)—For the next six months draft calls will be raised to add 20,000 to the Army's ranks by June 30.

The Defense Department authorized Monday the temporary increase in the Army's manpower from the previously planned 960,000 to 980,000.

The increase, an announcement said, is intended to help offset the loss of trained personnel as the service of draftees called up in the Berlin crisis buildup a year ago expires.

The draft quota for this month is 4,000. For December it is 6,000. An increase in monthly quotas up to 8,000 appears possible. The high point in draft calls during the Berlin crisis came in September 1961 when the quota was 25,000.

### 2ND BLAST VICTIM

HARRISBURG (AP)—Injuries suffered in an explosion at his home Nov. 10 claimed the life on Monday of Roy Hampton, 80, of suburban Susquehanna Township. His wife, Mary, 76, died Sunday, also of injuries suffered in the blast, which apparently was caused by a gas leak.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTY YEARS AGO

**Fire Destroys Barn:** During the absence of Lewis Kane and his sons at deer camp the large barn on his farm in Franklin township burned to the ground between three and four o'clock this morning, together with the wagon shed, chicken house and hog pen. All the stock was saved with the exception of some chickens but much of the contents burned. Shortly before four o'clock one of the children became restless and awakened Mrs. Kane. She heard a noise at the barn which sounded like a falling plank and she looked out but saw nothing. Soon afterwards another member of the household saw the blaze and the women with some neighbors hurried to the place and managed to save the stock but a quantity of hay, grain, harness and some machinery burned. The barn was located on the site of a similar structure which burned about twenty-one years ago. The farm is known as the Peter Schlosser farm and is situated in Franklin Township midway between Cashtown and Arendtsville.

**Broom — Cover:** Roy W. Broom, son of Mr. and Mrs. C. P. Broom, Fairfield, and Miss Belva Cover, daughter of Mr. and Mrs. M. F. Cover, were married at the Reformed parsonage Wednesday, November 20, by Dr. T. J. Barkley. The newlywed couple left on the 4 o'clock train over the Reading for Harrisburg on a short trip.

**Dickinson Sore:** That Dickinson is very sore over the thorough trouncing given them in the last half of Saturday's game is shown in the following from the Carlisle Sentinel: "Somehow or other Gettysburg cannot get away from meanness that has characterized the athletic department of that institution for years; so that Dickinson could not hear the signals given, the Gettysburg rooters made a din and noise and the referee rightfully stopped it. It was just such spirit that led Dickinson to sever athletic relations with Gettysburg in the past. Surely the better class — the thinking class of the Gettysburg student body — would not approve of such baby conduct, but the wonder is that they have not sufficient influence or authority to see that it does not occur. Judging from the fierceness and unnecessary rough playing on the part of the Gettysburg team, we judge that somebody must take them occasionally to the Bloody Angle for a talk." Gettysburg's cheering did not sound well to the Dickinson section, it is true, but noise was not made with the idea in view of preventing the Dickinson men from hearing signals. The requests of the officials for quiet when Dickinson had the ball was quickly answered with silence and there were no complaints. Dickinson's cry sounds much like that of Ohio State who refused to play out their game Saturday because the Penn State boys were not sufficiently ladylike.

**Headquarters:** The Runkle property on Baltimore Hill, recently purchased and remodeled by Dr. H. L. Diehl, has been secured as headquarters for the men having charge of arrangements for the celebration of the fiftieth anniversary of the Battle of Gettysburg.

**Home Talent:** "Tony, the Convict" will be produced in the Wizard Theater November 28 by local talent for the benefit of the Gettysburg Fire Company. The cast comprises C. K. Gilbert, Earl Stalmsmith, Edgar Miller, Richard Mishler, Luther McDonnell, Alvin McSherry, Marian Blocher, Mrs. Lester Deininger, Miss Lily Dougherty, Miss Mary Ramer. "Tony, the Convict," will be played by Calvin Hartman. The impression that the prices for seats will be 35 and 50 cents is incorrect, the tickets being 25 and 35 cents.

## Today's Talk

**THAT SPINAL THRILL**

One of the most inspiring human beings in this world to me, was Fritz Kreisler, the great violinist. People marveled at his art and wondered about its secret but the secret lay in the man himself. Great men are always artists.

A more reserved, dignified, no-nonsense figure never stood before a capacity audience. You felt when you listened to Kreisler that, somehow, there just had to be a separate set of strings that invisibly connected with those of his beloved violin, from the heart of the man himself, whose fingers obeyed so accurately his most delicate mood, or feeling.

So, when a popular magazine came out with a story about this beloved artist, I had to have it at once. I read it with great pleasure and this is the golden kernel I plucked from that article: "If I feel a thrill down my spine," said Kreisler, "from my own work, or that of any other man, I know that it is good."

That thrill down the spine! Who hasn't felt it at times? I have thought about that "feel" often and wondered about it, and I have almost come to believe that it is nothing more or less than spiritual electricity.

At least there doesn't seem to be anything material about this "feel," Kreisler, who admitted this experience, said that money for the performances which he gave meant little to him — that the mere pouring of himself into his instrument was "everything." Again, this great artist and man said that, if he felt this thrill down his spine, he didn't care what the critics said. He knew he had given honest expression, through the beautiful tones of his violin, and that he had touched and fingered divine strings.

When a man gets these messages down his spine, he can be very brave. Isolation may become like a quiet spot in Heaven for him. Perhaps it is just God's silent whisper, after all, saying something like this: "That's good — that's great! Well done."

Tomorrow Mr. Adams will talk on the subject: "The Family." Protected, 1962, by The George Matthews Adams Service

**Dynamite Show:** The demonstration of farming with dynamite given by the Keystone National Powder Co., of Emporium, brought out a large crowd of enthusiastic farmers at the Lather Plank farm near Biglerville on Friday. Lower Brothers of Table Rock, assisted by Harry L. Stahler of Norristown, made arrangements for the interesting program which was carried out. The idea of demonstrations of this character is to educate farm and fruit growers in the safe and economical method of handling explosives. The many uses to which dynamite can be brought by the practical farmer was shown to the crowd present. Deep plowing, stump blasting, tree planting, orchard rejuvenation and post hole digging made up the program.

**Diphtheria In Abottstown:** Abottstown is much alarmed over the appearance there of a number of cases of diphtheria, some of which are of a severe type. The schools have been closed for the week and all precautions are taken to prevent any further spread of the disease. Up to the present time there have been nine cases, three of which are now discharged. Of these nine four are adults and three are suffering from a form affecting the larynx and more severe than the diphtheria which only affects the throat. Up to the present time there have been no deaths. Diphtheria has appeared lately at several places in the county but there has been no sign of epidemic. Abottstown's experience is the worst in this section.

## BIG SEABEE OPERATION AT "GITMO" BASE

By WALTER MEARS  
GUANTANAMO BAY, Cuba (AP)—Seabees call it "Operation Might," and its signature is etched into every hillside on the defense lines of this U.S. naval base.

It began in September and moved into high gear late in October, when the crisis over offensive Soviet weapons in Fidel Castro's Cuban regime erupted into the U.S. blockade.

Navy men—the "can do" Seabee force created early in World War II—do the job of fortifying the rugged, palm-and-cactus-covered hills. But the Marines who man the positions have a saying about members of mobile construction battalions: "The Seabees are better Marines than they are sailors."

**ROUGH BUSINESS**

"We prefer not to get into that argument," said Cmdr. James M. Hill Jr., Laurel, Miss. "But Seabees and Marines have always been close since World War II. The feeling is mutual."

Hill commands one of the two Seabee battalions working on the defense line here.

Before the crisis, Hill said, "We did base defense work but it was not on a grand scale."

But since then, Operation Might has been the Seabees' only business. It's a rough business, hauling concrete blocks up the steep hillsides to build bunkers, corrugated steel for prefabricated foxholes, scraping through the hills a network of dirt roads that were not here a month ago.

**200 POSITIONS**

The twisting, steep and banked roadways lead to new defensive positions erected by the Seabees and one network provides access to a battery of anti-aircraft missiles.

Seabees so far have built well over 200 of the hardened defensive positions along and within the ridges that ring Guantanamo.

To do the job, Seabees making the prefabricated foxholes in shops at their base—called "Cactus Hill"—work two shifts covering 21 hours a day. In a Seabee quarry the units make the cement blocks for their defense emplacement jobs. On the Marine lines, bulldozer men and shirless construction crews work during the daylight hours.

The Seabee force which numbered 256,000 officers and men at the end of World War II has dwindled to about 10,000. No information is available on how many are working here now.

## DE GAULLE HAS CHALKED UP NEW VICTORY

By JOSEPH E. DYNAN  
PARIS (AP)—The long shadow of Charles de Gaulle stretched even farther across the French political landscape today in the glow of the president's resounding victory in national parliamentary elections.

In run-off contests Sunday De Gaulle's own party and others pledged to his support captured a clear majority in the National Assembly—the first time in modern French history that any cohesive force could claim such a margin.

Official results, combining first-round returns Nov. 18 and Sunday's runoffs, gave De Gaulle's Union for a New Republic (UNR) 233 of the 482 seats in the new National Assembly. Some 30 successful candidates from other parties were pledged to support De Gaulle.

**MORE THAN ENOUGH**

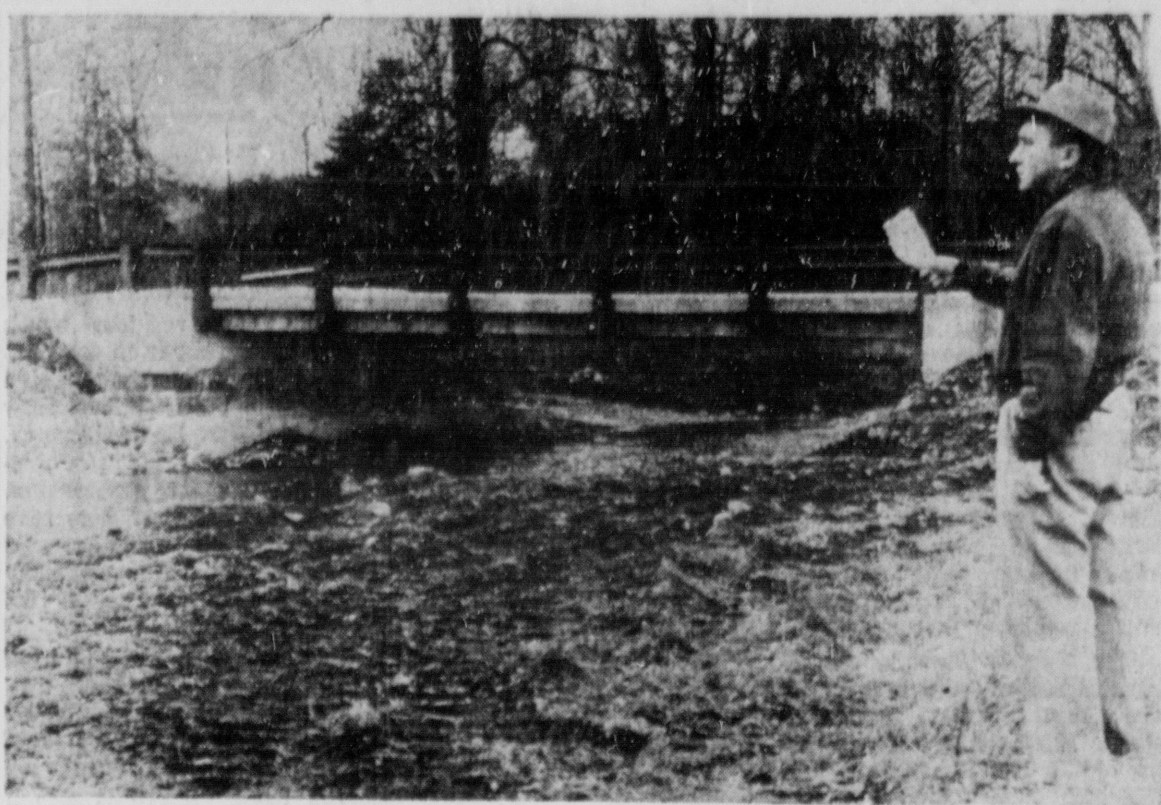

De Gaulle had a combined support of more than 280 deputies, well above the 242 needed for control. In 1958 the UNR elected only 188 seats although De Gaulle's nationwide popularity and the pressure of the Algerian war kept a majority of the assembly obedient to him.

With returns from six overseas districts still unreported, the other party standings were (1958 result in parentheses): Independent-Republicans and Peasants 50 seats (120), Popular Republican Movement (MRP) 38 (44), Radical-Socialists and allies 43 (36), Socialists 67 (40), Communists 41 (10), other 4.

The UNR collected 40.6 per cent of the vote, compared with 26.4 per cent in 1958. Of more than 21 million registered voters in districts voting Sunday, 15,420,148 went to the polls. The percentage of stay-at-homes, 30.7, was one of the highest for a legislative election in this century.

De Gaulle is expected to call on Premier Georges Pompidou to form a new government which may serve for much of the new assembly's five-year term.

## RHODE ISLAND DELAYS COUNT FOR GOVERNOR

By THE ASSOCIATED PRESS  
Vote recounts to settle still undecided Nov. 6 elections contests are under way in South Dakota and Massachusetts today but a count of still unopened absentee and shut-in ballots that will decide a governor's race in Rhode Island has been delayed.

Democrat George McGovern held a 326-vote lead over Sen. Joe Bottom, Republican incumbent, in the South Dakota race for senator with canvasses complete in all but two counties.

A recount began there Monday to enable the state canvassing board to certify a winner. McGovern is a former congressman and President Kennedy's Food for Peace director.

In Massachusetts, the recount to settle a contest for governor has moved into Cambridge, Princeton and Lakeville. A final statewide total is not expected for another two weeks.

Democrat Endicott Peabody defeated incumbent Republican Gov. John A. Volpe by an official 3,091 votes in the original count. Recounts completed so far have revised some figures but the changes balance each other and the result so far is a precise standoff.

In Rhode Island, Albert J. Lamarre, chairman of the Board of Elections, said the count of some 6,000 absentee and shut-in ballots will not get under way until late today.

The delay was caused by Republican officials asking that the ballots from unregistered servicemen be numbered before they are counted so they may be identified for challenging if necessary.

Machine totals in the race gave Republican John H. Chafee a 77-vote lead over Democratic Gov. John A. Notte Jr.

**PALM SPRINGS, Calif. (AP)**—Actress Jayne Mansfield says she now isn't so sure about divorcing musician Mickey Hargitay after all.

## Hope To End Race Of Arms

GENEVA (AP)—President Kennedy expressed the hope Monday that the new round of East-West disarmament negotiations will end "the upward spiral of weapons competition."

The President in a statement read to the reopening of the 17-nation conference "the talks should give priority to ending nuclear weapon tests once and for all."

"A moment may be at hand to initiate the beginning of the end of the upward spiral of weapons competition," the President said.

Kennedy noted that the United States has completed a recent series of atmospheric nuclear tests. There is hope, he said, that the Soviet Union will conclude its test series soon, and this suggests that the time may be ripe for a real start toward halting the arms spiral.

## Just Folks

BETTERING THE WORLD

I would that I could change the world  
And leave the flags of hatred  
furled,  
My life I think would be well  
spent  
If I could banish discontent  
And wash away the wrongs of  
earth  
In floods of fellowship and mirth  
But this is such a mighty task  
Of one it seems too much to ask

Thus trouble sore I sit and pine  
Because such little strength is  
mine  
So brief my years; my gifts so  
few,  
Against the evils that I view,  
I am convinced that I alone  
Could never make my presence  
known,  
And so complacent I remain  
Telling myself such dreams are  
vain!

Yet if alone I dared to be  
From all the petty hatreds free;  
If I should touch my dwelling  
place  
With just a little more of grace;  
And in this life of mine I should  
Supplant what's base with what  
is good,  
By just that much, it seems to  
me,  
This troubled world would better  
be.

## YOUTH DIES OF STABBING AFTER FUSS

PHILADELPHIA (AP)—A 19-year-old youth, interceding in an argument over a pinball machine involving his younger brother and another boy, was stabbed to death by the other boy Monday night outside a luncheonette, police said.

Donald Franz was pronounced dead at Philadelphia General Hospital. Homicide detective sergeant Raymond Kennedy said he had been stabbed once below the heart with a pocket knife, with a "blade of about three inches."

Police later charged Kevin Keenan, 17, with homicide and held him for a hearing in Juvenile Court today.

### CLAIMED ACCIDENTAL

Kennedy said Keenan had quarreled with Franz' younger brother, William, 16, while playing a pinball machine. Kennedy said the youths were tilting the machine on each other and an argument developed.

According to Kennedy, William went home and got Donald. Donald sought the Keenan boy out and encountered him in front of the luncheonette, said Kennedy. He said the boys wrestled on the sidewalk and Keenan pulled the knife from his pocket.

Kennedy quoted Keenan as saying that it was accidental, that he didn't know he had stabbed Franz.

Kennedy also reported that another member of the Franz' family, Joseph, was killed in June, 1955 at the age of 17, by a policeman while running away from a stolen car.

Detective John Smith said that Keenan had brandished a knife on William Franz, and William told Donald about it.

As Donald Franz started out of the house, a married sister, Mrs. Margaret Ebbinger, followed, pleading with him not to get into a fight, police said.

## PHIL PARSONS AGAIN LEADER FOR BULLETS

For the second straight year, Junior halfback Phil Parsons, Cherry Hill, N.J., is among the Gettysburg College football statistics leaders.

Parsons gained 367 yards on 85 carries for a 4.3 average to lead in that department. His 367 yards was also tops in total offense. The 5'11", 180-pound workhorse led fullback Rick Taylor, Camp Hill, in pass receiving with nine catches for 64 yards, was tops in kickoff returns with eight for 140 yards and finished in the runner-up spot in team scoring with 20 points on three TDs and one run conversion.

Taylor finished second in rushing with 268 yards on 89 carries and rolled up an additional seven yards on one pass completion. He also scored three touchdowns for 18 points.

### OTHER LEADERS

Sophomore Don Enders, Camp Hill, topped the passers, completing 33 of 95 aerials for 359 yards and one TD. Reed Ernst, a junior also from Camp Hill, hit on 22 of 51 tosses for 230 yards and a touchdown and one conversion.

Ken Snyder, a Sophomore from Hershey, topped the pass receivers with 14 catches for 281 yards and two touchdowns.

Third-string quarterback Vance Johnson, who came off the bench to help guide Gettysburg to a 22-15 win over Temple in the season's finale, was the team's leading punter. Johnston booted the ball 36 times for 1,179 yards and a 32.8 average. Barry Gruber, Harrisburg, rolled up 21 points to capture the scoring honors. Gruber crossed the goal line twice, booted six of nine placements and added a field goal.

Gettysburg had another off season record wise. The Bullets finished with a 3-6 log and recorded a 2-4 state in the Middle Atlantic Conference, university division, won by Delaware. The Bullets defeated Albright, Muhlenberg and Temple and lost to Bucknell, Delaware, Lehigh, Lafayette, Wittenberg and Buffalo.

## PRIZE CAGER OUT OF GAME

CINCINNATI (AP) — Cincinnati's basketball Bearcats already have lost their prize sophomore Krick, but even without him they rate right at the head of the class among this year's collegians.

With four of last year's starters back, the Bearcats will be shooting this season for an unprecedented third straight NCAA championship.

Krick is the 6-foot-8, 230-pound Pennsylvanian who broke Wilt Chamberlain's scoring records as a West Reading high schooler. Krick dislocated his left shoulder for the second time in practice last week.

Coach Ed Jucker said, "It's a real blow because he was battling for (Paul) Hogue's old job."

"All we know now is that he will be out indefinitely, but from all indications Krick will need surgery and in that case would be lost for the entire season."

## WEST CHESTER BACK IS TOPS

PHILADELPHIA (AP) — For the second consecutive year a back from West Chester State College has won the Pennsylvania college football scoring championship.

Joe Iacone, West Chester's powerful fullback, took the honors this year, with 98 points. Associated Press figures compiled Monday showed.

Last year, Jim Pribula, also West Chester, was the leader with 91 points.

Iacone tallied 16 touchdowns and scored two conversion points as he helped lead West Chester to a 7-2 season and a bid to play in the Dec. 8 Cement Bowl against Hofstra in Allentown.

Jerry Bejbi, Slippery Rock's fullback, was runner-up with 91 points. He scored 11 touchdowns, 22 extra points and one field goal in 10 games for the State College Conference championship Rockets. Seven of his points came in the championship game against East Stroudsburg.

## TROJANS HOLD TOP SPOT IN AP GRID POLL

By BOB GREEN  
Associated Press Sports Writer

As has happened so often in the past, Notre Dame again holds the key to the national collegiate football championship.

Coach Joe Kuharich's lads from South Bend aren't in the running for the crown their old grads won eight times, but the outcome of their game with Southern California Saturday well could be the determining factor in this year's championship.

Southern California, with the Rose Bowl berth in hand and an unbeaten, untied season in sight, closes its regular season against the Fighting Irish in Los Angeles.

WISCONSIN CLOSE

The Trojans, unbeaten in nine games, fought off a strong challenge by Big Ten champion Wisconsin and retained the No. 1 spot in weekly Associated Press rankings.

The national champion will be determined in next week's final poll of the season.

Southern Cal, which secured the Big Six title in a 14-3 comeback triumph over UCLA, gained 19 of 43 first place votes and 397 points on the basis of 10 for first, nine for second and so on.

WILDCATS GAIN

Wisconsin (8-1) closed its season and won the visiting spot in the Rose Bowl with a 14-9 victory over Minnesota. The Badgers advanced from third to second in the rankings, just 37 points back of Southern California. They took nine first place votes.

The top ten with first place votes in parentheses:

1. Southern California (19) 397
2. Wisconsin (9) 360
3. Mississippi (12) 350
4. Texas 299
5. Alabama 230
6. Arkansas 187
7. Louisiana State 155
8. Oklahoma 132
9. Penn State (3) 129
10. Minnesota 64

## CANNER MAT SQUAD LOSES TO WEST YORK

Despite the lack of practice for several team members who were involved in late season football, the Biglerville High School wrestlers put up a creditable showing before bowing to West York 30-14 in a nonleague match Monday evening at Biglerville.

The Cannons won four of the 12 bouts and tied in another. Included among the powerful Bulldogs' seven triumphs were three falls.

Victors for Coach Johnny Toggas' outfit were Terry Taylor, 156, and Bill Gardner, unlimited, all of whom won by decisions.

Melvin Mentzer, 133, drew with Guy Nace in their clash.

## CEGAR CLIFF NEXT

Biglerville, which will participate in the Blue Mountain League for the first time this season, has another nonleague match with Cedar Cliff at Biglerville on Thursday, December 6, before plunging to league action.

## SKOWRON GOES TO DODGERS IN BIG TRADE

By JOE REICHER  
Associated Press Sports Writer

ROCHESTER, N.Y. (AP) — The Los Angeles Dodgers and New York Yankees, two of baseball's powers, were squarely on the spot today following a daring major inter-league trade that sent first baseman Bill Skowron to the Dodgers in exchange for front-line pitcher Stan Williams.

Yankee manager Ralph Houk admitted he was loath to part with Skowron, 31, who helped bring seven pennants in nine years to the New York club. He said it was a trade the Yankees had to make.

"I felt we just had to get another established starting pitcher if we were to win the pennant again next year," he said. "Trading Skowron was one of the toughest decisions I ever had to make."

**MORE TO COME**

The departure of Williams, 26, who won 14 games for the Dodgers last season, was the first move by Dodger general manager E. J. Bavasi, who had vowed to make changes on the club that blew the National League flag in a playoff after going into the final week with a four-game lead.

"We're not trading trading by any means," Bavasi promised. "We're going to make a few more before the meetings are ended."

Bavasi hailed Skowron as "the guy who can supply us with the much-needed right-handed punch we lacked last year." Skowron slammed 26 home runs and drove in 80 runs last season.

**SENATORS, REAS TRADE**

Williams figures to team up with southpaw Whitey Ford and right-handers Ralph Terry, Bill Stafford and young Jim Bouton to form a five-man starting staff for the Yankees.

In a trade of much lesser impact, the Washington Senators sent Harry Bright, a catcher-first baseman, to the Cincinnati Reds for rookie first baseman Rogelio Alvarez. Bright, 33, a right-handed hitter, slammed 17 home runs and drove in 67 runs in 113 games for the last-place Senators.

Alvarez, 24, was the Pacific Coast League All-Star first baseman, where he hit .318, slammed 16 home runs and drove in 75 runs for the San Diego club.

The Yankees won their season series with the Minnesota Twins, 11 to 7.

## Fifth Grade Packers Win

The Fifth Grade Packers won the championship of the American League in the "Flag Football League" supervised by the Recreation Association with John Maloney and John Gregor in charge. A total of 225 boys signed to play in the league this fall. This aggregation of winners are pupils in the home rooms taught by Miss Frances Gilbert and Mrs. Laura Hoy at Eisenhower School. In the front row are Thomas Carr, Donald Biggins, Sam Waddell, Curtis Bucher; back row, Mr. Maloney, Ronald oyd, Gary Hubbard, Jerry Hann and William Arentz. Two boys from St. Francis School who played with the team but were not present for the picture were Thomas Ritter and David Lovette. (Times photo)

## OREGON STATE EXPECTED TO ACCEPT BID

PHILADELPHIA (AP) — Oregon State was expected today to formally accept an invitation to meet Villanova in the fourth annual Liberty Bowl football game at Philadelphia Stadium Dec. 15.

An announcement was expected either from Oregon State officials or from Bud Dudley, president of the Liberty Bowl. Dudley was scheduled to appear at the Philadelphia Football Writers Club luncheon and he might have something to say there.

It was learned Monday night from an unimpeachable source that Oregon State had been invited as the visiting team with Texas Christian and Auburn still in the running should Oregon State decline.

**ON ALL-STAR 11**

"Their (Oregon State) record (8-2) is the most impressive," said Dudley.

Oregon State is led by star quarterback Terry Baker and end Vern Burke.

Baker today was named to the 1962 College Football All-Star Team picked by members of the American Football Coaches Association, with more than 500 coaches voting.

**WERE IN ROSE BOWL**

Oregon State defeated Iowa State, Stanford, the University of Pacific, West Virginia, Washington State, Idaho, Colorado State and Oregon while losing to Iowa and Washington. It ran up a total of 273 points in the 10 games. The team has two previous bowl appearances, a 35-19 loss to Iowa in the 1957 Rose Bowl and a 20-16 victory over Duke in the 1942 Rose Bowl.

Villanova, which has a 7-2 record, Monday accepted an invitation to be the host team in the Liberty Bowl.

Villanova is led by quarterback Richie Richman. The Wildcats' two losses were to Boston College and an upset at the hands of Massachusetts. They defeated West Chester, Delaware, VMI, Buffalo, Xavier (O.), Detroit and Rutgers.

It will mark Villanova's fifth appearance in a bowl game and second in a row. Last year the Wildcats defeated Wichita 17-9 in the Sun Bowl at El Paso, Tex. They have won two, lost one and tied one in post-season games.

The Liberty Bowl will be nationally televised by NBC with Philadelphia blacked out. Proceeds this year will go to 60 hospitals in the Philadelphia area.

## Grove Will Hold Awards Banquet

WILLIAMS GROVE — Drivers, owners and mechanics will share the spotlight in the second annual winter awards banquet to be held by Williams Grove Speedway on Saturday night.

The dinner will be smorgasbord style starting promptly at 6:30 p.m. Following the dinner and trophy awards, there will be free movies, professional entertainment and dancing.

The leading point men at Williams Grove Speedway, which operated stock car racing under the sanction of CVRA, will each receive trophies as well as their share of the point fund accumulated throughout the season.

More than 600 racing buffs are expected for the program which makes this one of the biggest racing banquets in the east.

Tickets are still available and may be obtained by calling Williams Grove Speedway or at the door Saturday night.

The Yankees won their season series with the Minnesota Twins, 11 to 7.

## Negro Cager May Play For G.W.U.

WASHINGTON (AP) — A smooth ball handler from Pennsylvania—Rocky Wright of Chester—may be the first Negro to play basketball for George Washington University.

Wright reported for practice Oct. 15 with the freshman squad, and appears to have won a berth there. Whether he makes the varsity next year or not, said athletic director Bob Faris Monday, will be determined by "how good he is."

Faris said, "Since we have only seven players out, there is no question but what he will make the freshman squad."

George Washington plays in the Southern Conference against teams from Virginia, North and South Carolina.

## GHS GRIDDERS GIVEN LETTERS

Letter winners for the 1962 football season at Gettysburg High School received their insignias during the assembly program at the school Monday.

Coach Don Young presented the letters to the following: Seniors, John Longanecker and Eddie Ziegler, co-captains; Gary Nelson, Bob Beeler, Paul Plank, Larry Helwig, Paul Olson, Ron Baker and Don Miller; Juniors, Dick Sietz, Gary Guise, Dan Heagerty, Dave Schwenk, Paul Kump, Jim Newman, Joe Riley, Larry Johnson, Ronnie Miller and Ken Kime; Sophomores, Ron Plank, Roger Smith, Senior student manager.

The program included a short talk by Longanecker on "What Football Meant to Me."

Several comical skits were presented predicting the future of the Senior members of the squad.

## ICE FOLLIES OPEN TONIGHT

HERSHEY, Pa. — Ice Follies the first of the traveling professional ice shows, which opens its 27th annual edition at Hershey Sports Arena this evening, was founded in 1936 by Eddie and Roy Shinstad and Oscar Johnson.

The Shinstads and Johnson hail from St. Paul, where Eddie Shinstad and Oscar Johnson started to skate as a team in 1923. They appeared at numerous functions in the St. Paul-Minneapolis-Dutch area, then branched out with a comedy routine that was featured in many skating carnivals. Eddie and Oscar taught themselves how to skate, while Roy received professional instruction.

The first big break for Oscar and Eddie came in 1926 when they were brought to New York's Madison Square Garden to entertain between periods of a Ranger hockey game. They had several comedy skits, including one featuring Spark Plug, a spavined horse.

Roy developed into a fantastic spinner and won acclaim as "The Human Top." Among other appearances, he skated 40 shows a week during the Chicago World's Fair. He later joined Eddie and Oscar at Chicago's Sherman Hotel where they proved so popular that a four-week engagement lasted 16 months.

It was in Chicago that the trio determined to take their skating show on the road. They lined up about six weeks in bookings, pooled their meager financial resources, rented a bus, and took off from Twin Cities to Tulsa, where they opened November 7, 1936.

The original Ice Follies cast numbered 26. It now has a cast of 160, more than 200 employees, and spends more than a half-million dollars each season on new costumes, stage settings, etc.

## NAVY TO RELY ON SOPHOMORE TALENT DEC. 1

By HERB THOMPSON  
ANNAPOLIS, Md. (AP) — Navy will be relying heavily on sophomore talent Saturday in an Army-Navy football game in which youngsters seldom star.

Quarterback Roger Staubach and fullback Pat Donnelly are the squad's offensive leaders and Fred Marlin, a linebacker on the defensive team, is the leading tackler. All are sophomores.

So are ends Neil Henderson and Doug McCarty of the offensive unit, offensive halfback Kim Paskevich, defensive tackle Jim Freeman, defensive back Steve Szabo and offensive center Bruce Kenton.

**EARNED POSITIONS**

Coach Wayne Hardin admits this is an unusual quota of sophomores to throw into the annual service classic at Philadelphia, "but they've been doing the job and we're going with them," he said.

All of the sophs played their way into the positions they now hold on a team which started out with veteran talent.

Staubach, brilliant as a passer and runner on Navy's plebe team last season, didn't get the starting quarterback assignment from senior Ron Kleimick until after Navy's third game.

**56 OUT OF 85**

Since then he has completed 56 of 85 pass attempts for 778 yards and five touchdowns, rolled up 231 yards rushing and scored five touchdowns.

Donnelly, who has held the starting fullback assignment all season, has rushed for 321 yards and an average 3.3 per carry and scored five touchdowns to share the scoring leadership with Staubach of 30 points each.

## PHILLIES PICK TWO PLAYERS

ROCHESTER, N.Y. (AP) — Richard Beck, a tall right-hander drafted from the minor leagues by the Philadelphia Phillies from the New York Yankees' Richmond farm club, hurled a no-hitter in his first professional appearance last season.

Beck accomplished the feat with the Idaho Falls team in the Class C Pioneer league and went on to post a 9-6 record.

The 21-year-old Beck, who was drafted in the \$8,000 round Monday, struck out 171 and walked 71 in 134 innings, with a 3.63 earned run average.

In the \$12,000 round, the Phillies picked Lane Phillips, a 19-year-old right-handed pitcher, from the Richmond team of the Class AAA International League. Phillips had an 8-7 record at Idaho Falls last year. He struck out 168 and walked 53 in 149 innings while posting a 3.74 earned run average.

**UNIVERSITY PARK, Pa. (AP) —** Penn State opens its basketball season against Maryland Saturday minus its top scorer.

Johnny Mitchell, 6-1 senior co-captain, is expected to miss the first four games because of a knee sprain.

Mitchell scored 291 points last year for a 12.7 average. Top scorer was Gene Harris, since graduated, who scored 431 points at a 18.7 clip.

# Imaginary Narration Cites New Spirit Therapy Brings To Guests At County Home

The display of articles made by guests at the County Home, which had been placed in the windows of The Gettysburg Times a week ago, attracted more than passing interest. Many viewers were unaware that such a program was underway at the home. They did not know that those aged men and women, whose fingers had long since lost their adeptness, were able to make the items displayed.

Later, there came to the editor's desk an article relating an imaginary "narration" from a guest on the fine spirit that prevails at the home and how they feel generally about the many things a few individuals and groups are doing for them. The piece follows:

We moved, you know, from the old home on the Harrisburg Rd to a lovely new home on the Biglerville Rd. in Gettysburg. Some of us really didn't want to move. We had lived in the old one a long time. We knew it so well. We are quite a family, nearly 76 of us all told. Some new ones come in once in a while and sometimes some one leaves. Most of us have a few relations. They come once in a while to see us. A few of us have no one but each other.

We are fortunate to have the fine people in charge of the home to oversee the care of all of us. Many others contribute to our needs, a our nurses and cooks, and housekeeper, etc. We try to help a little also. We are like one big family; and, like one big family, we don't always agree. Most of the time our life is a fairly pleasant one.

## BIRTHDAY, BUS TRIPS

People have been quite good to us. We have birthday cakes and favors. They take us in buses to see the blossoms in the spring, time and to see the colorful foliage in the fall. Sometimes we have a treat, like a drink of cider or some ice cream or an apple.

One day follows another and we lose "track" but it doesn't matter too much. Most of us feel at home here. We understand each other. Our ages are varied and run into the nineties. A few of us are in bed, but most of us manage to get ourselves around. Some of us use a cane, several use walkers, and we have a wheelchair "brigade."

The Garden Clubs have made it pleasant planting flowers and shrubs around our home. We have some plants inside also. Of course we receive other flowers and we should learn to rearrange them nicely. It's just pleasant to sit a while though, and then we sometimes "catnap" too.

## AUXILIARY HELPS

The Home Auxiliary does and has done much for all of us. They are very kind and have worked "hard" for us and our home or a long time now.

It doesn't make much difference to any of us that some one doesn't remember or that memories are slightly confused. Some of us can't see very well. Sometimes our hands shake or arthritis has crippled them through the years. We help each other in many ways also.

We have a therapist for arts and crafts now. At first some of us didn't want to do anything. Now most of us enjoy making things. We "kid" around and have a joke or two. We have done many things since last March. We only had this one day a week but now the commissioners let us have the class twice a week. This started in October.

## THERAPIST UNDERSTANDS

We asked the therapist if she wasn't sick of us. She asked "Why?" We said, "Because of what we are." She just smiled and said, "I am what I am, and I hope you are not sick of me." We know when some one likes and cares about us, as well as teaching us many things.

One little man who cannot see has done some good clay work and fine paper sculpture. Some one else who has lost much coordination in his arms and hands has patiently strung spools, tried clay modeling and crayons. One lady who had no apparent interest in what we were doing just sat for weeks at a table when we had class and watched us. Then one day she started to paint. Now everytime she paints five or six papers with beautiful colors and loves doing it. Much of the work we do is colorful and varied and helps our minds and bodies.

We don't always want to go to class, but after we get started we feel a little better.

## VOLUNTEER HELP NEEDED

Our therapist needs more volunteer help though. Some of us manage very well but others need help in threading even large-eyed needles. Some need help in cutting, others need to have their work held for them once in awhile. With 23 or so in a class our therapist has to divide her attention into many different channels.

Wednesdays, in the morning, all the ladies have a class. In the afternoon the men have a class. One day the men made stakes and horseshoes out of cardboard and spoons. After, they had some fun seeing if they could make a point, a leaner, or a "ringer." Many of the crafts made we can use or give as gifts.

Friday mornings the women have another class; and in the afternoon the time is for those who cannot see too well, or the blind or handicapped. Some of the other men come out for the class again, too.

## 'SEE AND FEEL' HOUR

One Friday afternoon this group had a "see and feel" hour. It was different and exciting and fun. Some of the things we had never felt or seen before, different kinds of coral, rocks, shells, feathers, cloths, woods, etc. We talked of

## Letters To The Editor

Garrison, Md.  
November 23, 1962  
Editor of the local paper  
Gettysburg, Pennsylvania  
Dear Sir:

I should like, if possible, to have the following printed in the letter column of your paper: "I take this opportunity to express my sincere thanks and appreciation to the motorist who gave me a car (a light blue Consul sedan) a push on the night of Tuesday, November 20, between 10 and 11 p.m. while I was driving between Gettysburg and Westminster. My car was behaving so badly from engine trouble that I dared not stop and get out or even turn my attention away from the controls to wave out the window. I felt rude and ungracious and am writing this in the hope that the motorist who helped me will read it and realize that I really feel the gratitude which I was unable to express at the time."

Thank you,  
JAMES W. POULTNEY

textures and the feel of things, as well as how they vary in shape and in color. We then had a "beauty exchanging" time when each of us shared with the other and told of something beautiful we had experienced in our lifetime. Some told of rainbows, fall leaves, sunsets, the dew on a rose. Each of us felt quite pleased with our afternoon.

We have made many articles in the eight months we have had our therapist. We never thought we could do it. Some hands are knarled and work-worn and are a little stiff. Some are handicapped in other ways. There always seems to be other things for us to do if the subject is too difficult to handle. We've carved potatoes and made potato-printed place mats.

## DECORATE CANS

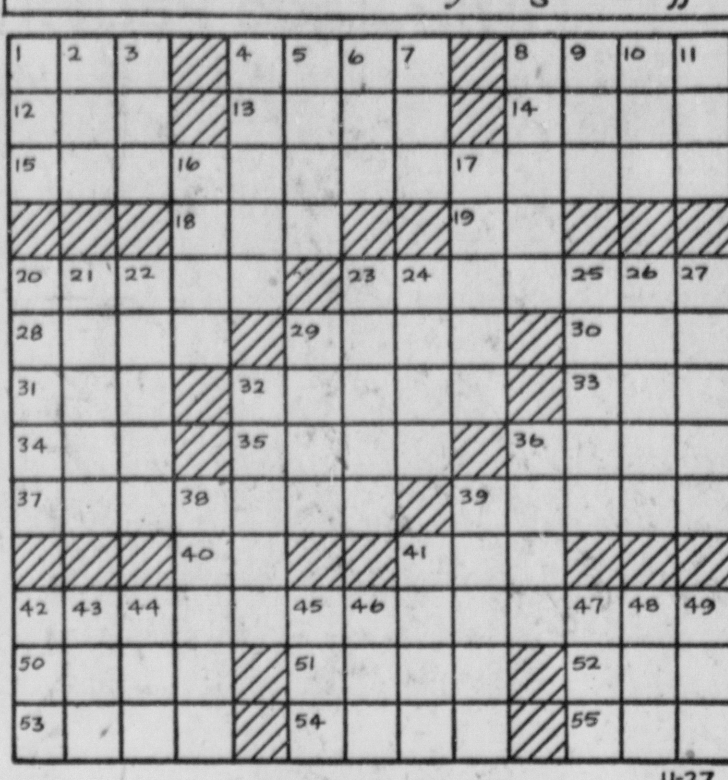

We've decorated coffee cans with twine. We also decorated them with macaroni and sprayed them. We made pine cone birds, on which we used paint and colored paper. We hung these on a tree in our recreation room Easter time. Fans made out of paper plates and clothes pins made a little cooler in hot weather.

Some other articles we made are hot pads for the table. We covered bottle tops and glued them to cardboard. We did scratch board painting, watercolor and dry-brush painting. We have used crayon and chalk. Many of us did real beautiful embroidery in bright colored yarn on burlap, which we are going to make into bags or pillows. Planters were made out of popsize sticks and painted. Christmas wreaths with crepe paper, Christmas hangings using tomato cartons, bottle caps, trees, lovely decorated match boxes with felt, sequins and shells, paper sculpture flowers, mud scrapers, crepe paper birds, clay modeling, plaster ashtrays or paper weights, and many other things.

## USE SCRAPS

Some of our supplies are purchased, but we use much scrap and donated materials. Many people have contributed these things and we are thankful. Some of

## Littlestown YOUTH GROUPS HOLD SESSIONS

Richard J. Berwager was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ Sunday evening at the church. The program opened with the singing of two hymns accompanied by Nancy Koons; scripture read by Jean Shoemaker; accordion solos, Mary Jane Harman; prayer, Clyde L. Sterner; hymn, "The Old Rugged Cross"; poem, Nancy Koons; topic, "My Life—A Thank You," discussed by Richard Berwager; hymn, "Abide With Me"; Lord's Prayer and C. E. benediction in union. The group will meet again next Sunday at 7 p.m.

"Giving Is Living" was the theme of the program at the meeting of the Methodist Youth Fellowship of Centenary Church on Sunday evening. A play en-

titled "The World Is My Neighbor" was presented by Debbie Mitz, Becky Harner, Douglas Muselman and Robert Smith. David Byers read the scripture. Reports were given by Yada Gregg, secretary, and David Byers, treasurer. The members then enjoyed their seasonal corn foods. The MYF will meet next Sunday at 6 p.m.

The Young Adult Class of Centenary Church had election of officers Sunday with the following results: President, Melvin Hout; secretary, Mrs. Mary Byers; assistant secretary, Mrs. Ann Muselman; treasurer, Lloyd Harner; assistant treasurer, Samuel Feiser. Ott C. Sells is the class teacher.

The combined Junior and Senior Chorus sang an anthem at the Sunday worship service in Centenary Church. The pastor, the Rev. William R. Jones, delivered a sermon on the subject "Keeping God Out of Living." The altar flowers were given by the Girls' Class, taught by Mrs. Marian Study, in honor of the 49th wedding anniversary of the Rev. and Mrs. Jones. The used clothing drive now in progress has been extended to next Sunday due to the urgent need for blankets. The annual Christmas program and party will take place Sunday, December 23 at 7 p.m. There will be a Holy Communion on December 30.

Michael Arter had the opening at the meeting of Cub Scout Den 6 Monday evening at the Community Center. The boys enjoyed cake in honor of Cub Larry Bunty who had a birthday on Sunday. Mrs. Earl A. Rebert and Mrs. Clair Arter, den mothers, and Larry Alford, den chief, assisted the boys with work on their Christmas projects. It is suggested that the Cub Scouts wear old clothes to the meetings between now and Christmas for this continued work.

## A Lovelier You

By MARY SUE MILLER  
LIVE ALONE AND DIET. Eating alone at home is often a crucial moment for a reducer.

Rather than cook a proper meal, she more often than not opens a can of beans or raids the refrigerator for dribs and drabs. By the move, she almost always oversteps her calorie allowance. A pickup meal usually contains more calories than a well-planned repast. Moreover it can seldom lay claim to a balance of nutrients that promote health and vitality.

For not making the effort to prepare a solitary meal, all manner of excuses are given. It's too time-consuming, too boring, too difficult to dispose of leftovers—or so say the bachelor girls. But not one of those reasons is valid. The number of foods now packaged in live-alone portions is fast multiplying. Conceivable especially for dieters, there is a whole group of heat-and-serve dishes that offer such robust and tempting delights as chicken a la king and barbecue beef.

Fresh foods, of course, can be bought in any quantity desired. By using nonfat dry milk powder you solve the problem of having packaged milk turn before you can drink it. For you can make as little as you wish at the moment you wish it.

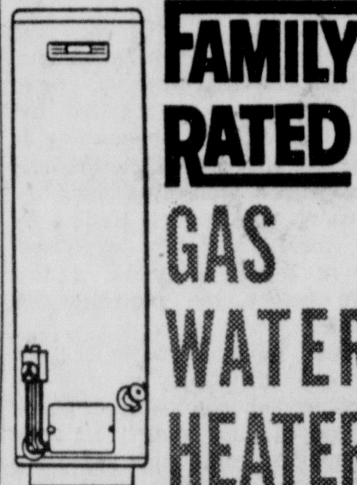

With the least bit of organization, preparation time is negligible. Here's what you can do in 20 minutes: Onion soup, broiled

Evangelical United Brethren Church, plans were made to hold a holiday party in connection with the next meeting on Saturday, December 1, at 7 p.m. The meeting will be held at the church, near town, and there will be a gift exchange. The program for the meeting included hymn singing and readings by Darlene Haugh, Pat Rebert, Debbie Schuchart and Mrs. A. Michael. Refreshments were served by Mrs. William Haugh and Mrs. LeRoy Chronister.

liver (or dieters' ready barbecue beef), steamed baby carrots, hot spiced apple (quarters simmered with sugar substitute, cinnamon and clove). Now there's a dinner fit for a gourmet and healthfully slimming. As for the boredom of preparation, it comes down to this: Would you rather be bored momentarily or buxom for life? Do you really know the calorie counts of the foods you eat? Our new booklet, POCKET CALORIE COUNTER, tells the score at a glance. It also gives a diet plan—a way to eat and slim. # TAYLOR WINS SENATE POST AFTER REVOLT

HARRISBURG (AP)—Sen. M. Harvey Taylor is assured election for a ninth two-year term as Senate president pro tempore after defeating opposition from a handful of Republican colleagues.

The 86-year-old master politician from Harrisburg was endorsed on a 23-0 vote of Republican senators at a caucus here Monday after a motion for a secret ballot was killed 14-10.

Failure of the secret ballot motion wiped out the last vestige of opposition begun two weeks ago by Sen. Thomas A. Ehrgood, R-Lebanon.

Ehrgood abstained on the vote. Three other Republicans were absent.

Taylor, who held the powerful position longer than any other man, is assured election by the full Senate in January because Republicans are in control 27-23.

The Republicans also re-elected the same floor leaders and caucus officers who served in 1961-62.

House Republicans convened here today to elect their officers for the 1963 session. Their choice for a House speaker also will prevail in election by the full chamber since Republicans are in the majority.

**"RIGHT TO DISCUSS"**

Taylor was president pro tem from 1945 until 1961 when the Democrats assumed organizational control of the chamber. No other senator ever held the post for more than two terms.

The president pro tem makes committee assignments, controls patronage of about 110 Senate employees and can steer legislation to whichever committee he desires. He is paid \$18,000 annually, twice the regular Senate compensation.

Taylor said after the 75-minute meeting he would give his full support to Gov.-Elect William W. Scranton on the party's legislative platform, but reserved the "right to discuss anything that's not in the platform."

**TAYLOR GIVES DINNER**

Commenting on Taylor's election later, Scranton said:

"His election was by members of the Republican caucus, as were the other posts, and this was as I desired it, by the members themselves. I'm sure we'll have a fine relationship in putting the program of the administration through the legislature."

Scranton and the other senators were Taylor's guests at a dinner Monday night.

**OTHER POSTS FILLED**

After Taylor was endorsed, the caucus re-elected Sen. James S. Berger, Potter, as floor leader; Albert Pechan, Armstrong, assistant floor leader (whip); and Robert Fleming, Pittsburgh, as caucus chairman.

Sen. John T. Van Sant, Lehigh, was elected caucus secretary to succeed Edward J. Kessler of Lancaster, who retired last Sept. 1.

Kessler was succeeded by Snyder, who was sworn in a half hour before the 2 p.m. caucus.

Five senators, including Ehrgood, George N. Wade (Cumberland) and Sens. Z. H. Confair (Lycoming), Richard A. Snyder (Lancaster) and Richard C. Frame (Venango), announced prior to the session they were opposed to Taylor.

## Policy Chance By Gulf Oil Corp.

PITTSBURGH (AP)—Gulf Oil Corp. has discontinued its competitive price allowances to gasoline dealers.

Gulf said Monday the action will mean an increase of at least one-half cent per gallon of gas for consumers.

The firm said the allowance had been used to guarantee the dealer a profit margin and that it helped keep some dealers in business. However, it was detrimental in many areas for it helped create gas price wars, the company said.

Gulf said the discontinuance of the action was a reflection of its confidence in the basic soundness of the current gasoline market.

# Pesticides Mean Difference Between Success And Failure In Fruitgrowing And Farming Operations In County, Say PSU Specialists

This high pressure speed sprayer that makes a dozen or more trips through an orchard in a season is spreading death and destruction to insects and diseases but state and federal safeguards make sure that there is no peril to users of the fruit that is produced here, Penn State University scientists say at the Arendtsville fruit research laboratory. In fact they declare that without these frequent spraying operations there would be no commercial fruit crop to harvest.

## Pesticides

(Continued From Page 1)

quoted on both sides of the question.

Now as a new wave of concern rises about chemicals and "poisons" in our world today, words of top scientists across the nation are reassuring.

**INSURE SAFE USE**

Dr. A. M. Boyce, dean of the College of Agriculture at the University of California, has this to say on the subject:

"Certainly we need not fear this increasing dependence upon (agricultural) chemicals. The United States has more information on pesticide chemicals than any other country. Industry and government have spent many millions of dollars and years of work accumulating the data needed to make sure chemicals are used safely."

"Chemicals have provided us with the world's safest, most nutritious and best food at reasonable prices. If we want to maintain our present standard of living, we must continue and increase the use of chemicals in agriculture."

County Farm Agent Frank S. Zettie is an enthusiastic advocate of the use of chemicals in agriculture. "We'd all get mighty hungry without them," he observed dryly when asked for his views on the recent attacks on pesticides, herbicides and fungicides.

**HAVE STRONG OPINIONS**

The staff at the Pennsylvania State University research laboratory at Arendtsville have some pretty strong opinions on the subject, too.

**PLENTY OF FIGURES**

With a great part of their efforts devoted to the development, testing and use of chemicals in fruit growing, they briefly sum up their estimate of fruitgrowing without sprays in one word: "Impossible."

Dean Asquith, entomologist on the laboratory staff, has plenty of figures to back up his views. In one block of unsprayed apple trees this year up to August 1 only 20 per cent of the apples were free from insect injury and in a similar checkup near the end of the 1961 season, the figure was as low as eight per cent. A similar survey on peaches showed only 43 per cent of the fruit on unsprayed trees free from insect injury.

Add to these ravages by unchecked insects the toll that would be taken by diseases, which would likewise run wild in unsprayed orchards, and the impossibility of producing a commercial fruit crop without chemical controls becomes more apparent.

In the view of Asquith and his associates at the Arendtsville lab, there is no question about the vital role insecticides and fungicides play in the fruit business. "In the narrow margin of profit within which most fruitmen operate in many years, it is only through the efficient use of sprays that they can produce enough high quality fruit to stay in the business," Asquith said.

**EACH SPRAY ESSENTIAL**

Not long ago he had published in the Pennsylvania Fruit News an article on "Control of Insects and Mites, An Investment for Profit," in which he said in part: "In my opinion, an apple grower with a potential 400-bushel per-acre crop on his trees takes a chance on losing 25 to 40 bushels to the ravages of insects every time he fails to apply one of the cover sprays listed in his spray schedule."

A 10 per cent loss can spell the difference between a financial success and a failure for the season.

**FARMER LIKEWISE**

The general farmer in Adams County is just as dependent as the fruitman on sprays or dusts to bring his crops and livestock through the year.

Adams County Farm Agent Frank Zettie, agreed that it is difficult to think of a crop raised now in general farming that does not require insecticide or fungicide help at some time of the year. There are sprays or dusts or seed treatment for such pests as corn borers and grubs, for potato bugs and blight, for tomato blight and for flies and other insects.

**CONTROLS ARE KEY**

Zettie emphasized the careful controls exercised by the federal and state governments over the use of chemicals used in agriculture. DDT has been ruled out for forage crops and only carelessness or disregard of warnings on labels can get farmers into trouble in this direction.

"Because some people are careless with automobiles, and there are accidents and loss of life and property, we don't decide to outlaw automobiles but determine to control and regulate their use. Just so with potentially dangerous chemicals that have proved to be so essential to agriculture."

(The elaborate steps the U. S. Government has taken to insure the safety of the public despite the widespread use of insecticides and fungicides will be discussed in the second article of this series.)

**PHILS TRADE OWENS**

ROCHESTER, N. Y. (AP)—The Cincinnati Reds acquired right-handed pitcher Jim Owens from the Philadelphia Phillies today for rookie infielder Octavio (Cookie) Rojas.

It was the second trade completed by the Reds within 24 hours at the Baseball Minor League convention here. Monday night the Reds sent rookie first basemen Rogelio Alverez to Washington for first baseman Harry Bright.

## Wedding

Miss Louise E. Groft, daughter of Mr. and Mrs. Alvir J. Groft, 807 W. King St., Littlestown, and Edward D. Lookenbill, son of Mr. and Mrs. Lewis Lookenbill, 15 W. Chestnut St., Hanover, were united in marriage on Sunday at 2 p.m. in St. John's Lutheran Church, near Littlestown.

The Rev. William C. Karns, pastor, performed the double-ring ceremony Mrs. Clyde W. Crouse Littlestown R. 1, was soloist and sang "The Wedding Prayer," "I Love You Truly" and "The Lord's Prayer." She was accompanied by Mrs. Jay D. Basehoar, church organist, who played the traditional wedding marches.

The bride, who was given in marriage by her brother, Alvin John Groft Jr., Littlestown, was attired in a floor-length gown styled with a molded bodice of brocade satin with a Sabrina neckline. The bell shaped skirt of silk satin had a scalloped hemline and a standaway train, and was accented with a large bow at the back of the waistline. Her shoulder-length veil fell from a queen's crown of crystals and pearls. She carried a white Bible, topped with white daisies, from which flowed a shower of streamers.

**IN WEDDING PARTY**

Miss Charolyn Groft, Littlestown, attended her sister as maid of honor. She wore a street-length dress in gold brocade satin fashioned with an envelope-like bodice with the closing repeated in the tunic-length overskirt. A fabric bow was featured on the fitted wrap-around midriff. She carried a colonial bouquet of yellow daisies and mums.

The bridesmaids were Miss Sandy Buchey, Frederick, Md.,

**MRS. LOOKENBILL**

and Mrs. Nancy Decker, Hanover. They wore gold and blue brocade satin dresses tied identical to that worn by the maid of honor. They also carried bouquets of yellow daisies and mums.

The best man was Paul Shearer, Hanover. Serving as ushers were Vaughn Gebhart, Bonneauville, and Marty Highland, Urich, Pa.

The ring bearer and flower girl were the bride's nephew and niece, Gary and Shelby Taughnbaugh, Hellam. Both were dressed in black velvet.

**RECEPTION FOR 200**

The bride's mother and groom's mother both wore dresses of navy blue with matching accessories.

A reception was held immediately following the ceremony in the church social hall with approximately 200 guests in attendance. The out-of-town guests were present from Mt. Joy, Carlisle, York, Hanover, Gettysburg, Harrisburg, New Oxford, York Springs, Mt. Airy, Hagerstown, Frederick, Manchester and Middletown, Md., and Winchester, Va. The five tier wedding cake was

# IFK ASSURED U.S. DEFENSE IN SOUTH IS GOOD

By FRED S. HOFFMAN

WASHINGTON (AP)—President Kennedy and the nation's military chiefs returned "heartened and encouraged" after seeing the fighting men and awesome firepower massed in the Southeast facing Cuba.

The White House said this in a statement Monday night following Kennedy's 12-hour flying tour of three key bases—the Army's Ft. Stewart, Ga., Homestead Air Force Base, Fla., and the Navy's air and sea base at Key West, Fla.

## OPEN TO REPORTERS

For the first time since the Cuban crisis developed five weeks ago, reporters had a chance to see the extent to which U. S. armed might had been mobilized inside these bases.

Among other things, they saw: About 250 powerful rocket-armed jet fighters on alert at Homestead, advance command post for the Cuban operation.

Another 200 jet interceptors, fighters and fighter-bombers in position at Key West, only 90 miles from Cuba.

Elements of the 15,561-man 1st Armored Division, the Army's newest, which had moved swiftly by air and rail from Ft. Hood, Tex., to Ft. Stewart last month when the United States seemed headed for possible use of force against Cuba.

This was only part of the buildup which extended to many other bases in the Southeast.

## TALKS TO FORCES

In brief talks at Ft. Stewart, Homestead and Key West, Kennedy stressed his "great appreciation" and the nation's indebtedness for the contribution made by the combat-ready forces in the period of crisis.

At the Boca Chica Naval Air Station at Key West, the President said:

"The reconnaissance flights which enabled us to determine with precision the offensive buildup in Cuba contributed directly to the security of the United States in the most important and significant way."

He said that "the days that we have recently passed through have been among the most dangerous since the end of the Second World War."

There is no assurance that in other times "we may not pass through other dangerous days," he added.

## FOG AIDS ESCAPED

BERLIN (AP)—Five East Germans escaped through thick fog to West Berlin during the night but gunfire from Red guards stopped two other escape attempts.

The newlyweds left on a tour of the southern states. For traveling, the bride chose a blue suit.

The bride is a 1961 graduate of Littlestown High School and was graduated from Maryland Medical Secretarial School, Hagerstown. Her husband was graduated from Eichelberger Senior High School with the class of 1959. He is employed by Bowman's Cleaners, Hanover.

By winning the Big Ten cross country title, Michigan State won its tenth team title since entering conference competition in 1950.

# LEAD IS HELD BY SWEENEY

NEW YORK (AP)—The surprising slump that has plagued the Springfield Indians apparently hasn't bothered veteran center Bill Sweeney.

Sweeney picked up four points, two goals and two assists, last week and continued to lead the American Hockey League scoring race. He got the points while Springfield was losing four of five games, and contributed both his goals in the lone victory, a 2-1 decision over Buffalo.

Sweeney has a total of 11 goals and 22 assists for 33 points. He also leads the league in assists.

Willie Marshall of Hershey got six points during the week and climbed into second place with 29. Bruce Cline of Springfield slipped to third with 27 points, but retained the goal lead with 15.

Wally Boyer, who also plays on a line with Sweeney and Cline, was in fourth place with 26 points. Gary Bergman of Cleveland took over the lead in penalty minutes with 58, while veteran Providence goalie Gil Mayer led in goaltending with an average of 2.74 on 52 goals allowed in 19 games.

Bill Strannigan is in his fourth season as basketball coach at Wyoming.

# TV VIEWERS LIKE HAPPY SHOWS BEST

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP)—The recipe for the ideal television program from the sponsor's viewpoint has been defined as a "happy show about happy people with happy problems"—obviously because the people who pay for the shows feel that these move goods.

Now comes along a research organization which has been conducting intense studies of viewers and their response to commercials. Not too surprisingly, the Scherwin studies indicate that "bland program types" (situation comedies and musical variety shows as prime examples) present the "most neutral environments" for commercial messages. On the other hand, it found that "suspenseful programs" of all kinds tend to build "emotional participation" on the part of the viewer which may affect the commercials.

## RESENT COMMERCIALS

In other words, the more interested we viewers become in a television show, the more likely we are to resent the commercial interruptions.

Matching up programs and commercials obviously is a special science, and possibly may explain why commercial television is so short on gripping drama and so long on comedy and musical programs.

Roy Rogers and Dale Evans, with their early Saturday evening variety hour, are the first announced casualties of the season. They were done in by low ratings and will disappear after their Dec. 22 show.

ABC will fill the hour by moving its "Gallant Men," war series into the spot. "The Gallant Men's" Friday night hole will be plugged with reruns of "Winston Churchill" and reruns of "Father Knows Best." The Sunday hour they used to occupy on the network will be turned back to local stations.

Shakiest shows at CBS and NBC are, respectively, "Fair Exchange" and "Saints and Sinners."

Recommend tonight: Jack Benny Show, CBS, 9:30-10 (EST) Garry Moore Show, CBS, 10-11; Peggy Cass is guest star.

## NO NEWS CONFERENCE

WASHINGTON (AP)—President Kennedy will not hold a news conference this week. He met with newsmen last Tuesday evening, his first news conference in 10 weeks.

Steve Brooks, a winning rider at the Garden State track, has ridden six horses in the Garden State Stakes but never won the race. This year he was second with In The Pocket.

## 3 SCALE PEAK OF YOSEMITE'S "EL CAPITAN"

By JIM FORBES  
YOSEMITE NATIONAL PARK, Calif. (AP)—Two Americans and a Canadian have become the first to climb the treacherous 3,000-foot southwest precipice of Yosemite's granite-faced El Capitan.

Wary and bedraggled Ed Cooper, 24, of Seattle, Wash., the climb's leader, summed it up as he clawed his way over the 7,564-foot high summit Sunday afternoon: "This is enough climbing."

Bushy-bearded Jim Baldwin, also 24, of Prince Rupert, B.C., exhibited a big toe stuck through a worn-through leather climbing boot and woolen sock.

His hands bore rope burns—mute testimony of a 70-foot fall down the face before his companions could check his descent.

**SUFFERED BURNS**  
"The burns on my hands aren't bad," Baldwin declared, "and luckily I didn't freeze my toe."

Glenn Denny, 23, a San Jose State College student from Livingston, Calif., said: "We had five gallons of water when we started. But halfway up we began running low and were limited to about a quart a day each after that."

The three men began their climb last Monday from the 4,000-foot high floor of Yosemite National Park. A ground party checked the progress by day and watched for flashlight signals that all was well at night.

## FAMILY OF 3 LEAVES U.S.

MIAMI, Fla. (AP)—A Wallingford, Pa., physicist and his wife and daughter have left for New Zealand to escape nuclear fallout.

Robert J. Satory, 37, his wife, and their daughter, Rachel, 18 months old, sailed Saturday from Port Everglades aboard the Oranje.

Satory worked for the Boeing Aircraft Corp. in Wallingford. His salary in the Dominion Physical Laboratory in Wellington, New Zealand, will be about half that which he earned with Boeing, he said.

"I believe it is best to get to the Southern Hemisphere where the amount of fall-out, by test, is only one-tenth that in the Northern

## Reds Include USSR In Indian Warning

TOKYO (AP)—A Peking broadcast today quoted a high official of Albania, Red China's closest ally, as saying "the imperialists and modern revisionists who stand on the side of the Indian aggressors will come to an ignominious end."

The implication was that the official, Deputy Premier Abdul Kelile, considered the Soviet Union as well as Western powers to be backing India in its border dispute with the Communist Chinese.

The Chinese Communists and their Albanian comrades have used the term "modern revisionist" to describe both Soviet Premier Khrushchev and Yugoslav President Tito, an independent Communist.

## STRAUSS VOTE SEEN THREAT TO ADENAUER

MUNICH, Germany (AP)—A victory in the Bavarian state elections for Defense Minister Franz Josef Strauss' party threatened today to complicate Chancellor Konrad Adenauer's efforts to end the West German government crisis.

Strauss' Christian Social Union, an ally of Adenauer's Christian Democrats and holder of 50 seats in the lower house of the federal parliament, won a 12-seat majority in the election of a new Bavarian state legislature Sunday.

The Christian Social Union termed the result of the vote a "confirmation for Franz Josef Strauss," key figure in the government crisis resulting from the Spiegel affair. The party's election success was expected to make it more difficult to force the controversial defense minister out of the government.

**WITHDRAW FIVE**  
The Free Democrats, junior partners in Adenauer's government coalition, withdrew their five ministers from the Cabinet because Strauss had a hand in the arrest of editors of the news magazine Der Spiegel. They continued

Hemisphere," Satory said. He said radioactive isotopes in milk and food worry him "more than they do some physicists who discount them."

"It's like the scientist who knows the danger of smoking cigarettes, but continues to smoke them," he said.

## RS70 BOMBERS GET HEALTHY SHOT IN ARM

By BARRY SCHWEID  
WASHINGTON (AP)—The RS70 reconnaissance strike bomber, a focus of controversy in Washington for almost a decade, is getting a \$50-million shot in the arm.

The new allotment was released to the Air Force Sunday by Secretary of Defense Robert S. McNamara. The Pentagon said the money will be used for development work on the highly complex radar and other units intended for the plane's reconnaissance missions.

**CALLED "COSTLY"**  
The bomber has been the subject of a running fight between the White House and Capitol Hill—and within the confines of the Pentagon—since its conception in 1953.

The Air Force, with backing from several influential Congress members, has urged mass production.

McNamara has called the plane a costly weapon which would be obsolete before it could be operational. President Kennedy has supported this view.

**CONTROVERSY GOES ON**  
Even as release of the new money was being announced, the controversy was continuing.

The Air Force proposes to convert the original B70 design for a 2,000-mph bomber into the RS70 reconnaissance strike weapon. It would be equipped with sideview radar and mechanisms for target selection which is usually done on the ground.

The new allotment, taken from funds voted by Congress in excess of administration request, raises the total estimated cost of the development program to \$1.35 billion.

In Egypt the gallabie and fez are being replaced by western suits and snap-brim hats.

to support Adenauer in Parliament, however, and indicated that they would return to the government if Strauss was ousted.

Adenauer needs the support of the 67 Free Democrats in the Bundestag (federal lower house) because his own Christian Democrats and the Christian Social Union together are 8 members short of a majority. But he also must have the support of the 50 Christian Social Union members.

WASHINGTON (AP)—The Union of Orthodox Jewish Congregations has proposed settling the controversy over school prayers by instituting a "moment of silence" for devotion at the beginning of each school day.

This compromise was in the form of a resolution adopted Sunday at the union's 64th biennial convention. Delegates from 3,100 synagogues attended.

The union deplored charges that the Supreme Court was attempting to "drive religion out of American life" by declaring unconstitutional official school prayers.

## FORMER N.Y. EDITOR TAKES LIFE IN TEXAS

LAMPASAS, Tex. (AP)—Stanley Walker, whose knack for chronicling a fabulous era won him fame as a New York editor, ended his life with a shotgun Sunday, two days before he was to undergo surgery for throat cancer.

Walker, 64, a busy author and magazine writer, returned in 1946 to the central Texas ranch near Lampasas where he was born.

It was on the front porch of the old ranch house, where most of his writing was done, that his wife found the body about an hour before noon. A shotgun lay close by. Justice of the Peace

## Casbeer Snell returned a coroner's verdict of suicide. TO BE CREMATED

While Walker's health had been poor for some time, the man who became a legend as city editor of the New York Herald Tribune refused only Saturday night to confirm a report he was seriously ill. The New York Daily News said an operation for throat cancer had been planned Tuesday in Houston.

Friends disclosed after his death that Walker had written in somber vein the past few days.

Arrangements were made to take the body to San Antonio for cremation today. A mortuary said Walker had asked that no funeral or memorial service be held. He requested that his ashes be scattered over the ranch.

## CURTIS RENEWS MEDICARE FIGHT

LOS ANGELES (AP)—Sen. Carl T. Curtis of Nebraska says the Kennedy administration's plan for medical care for the aged is a form of socialized medicine.

The administration's Anderson-King bill would be a poor substitute for the Kerr-Mills law now in effect in 28 states, Curtis said Sunday at a medical services conference sponsored by the American Medical Association.

on Storm Mountain Sunday onto rocks 100 feet below.

Galen Jorgenson, 22, Salt Lake City, was killed.  
Paul Burton, 22, and Carletta Ybarguen, 21, both of Salt Lake City, were injured. Burton was in critical condition.

The Nebraska Republican told the conference that the designers of the Anderson-King legislation "knew well it was only a beginning and that they intended to inaugurate a complete program of government medicine."

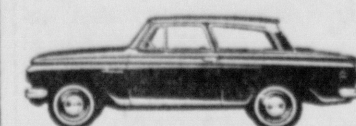

The proposed Anderson-King bill would pay hospital costs for all persons over 65, regardless of need.

Only persons over 65 who are "near needy" are eligible for benefits under the Kerr Mills law, passed by Congress in 1961.

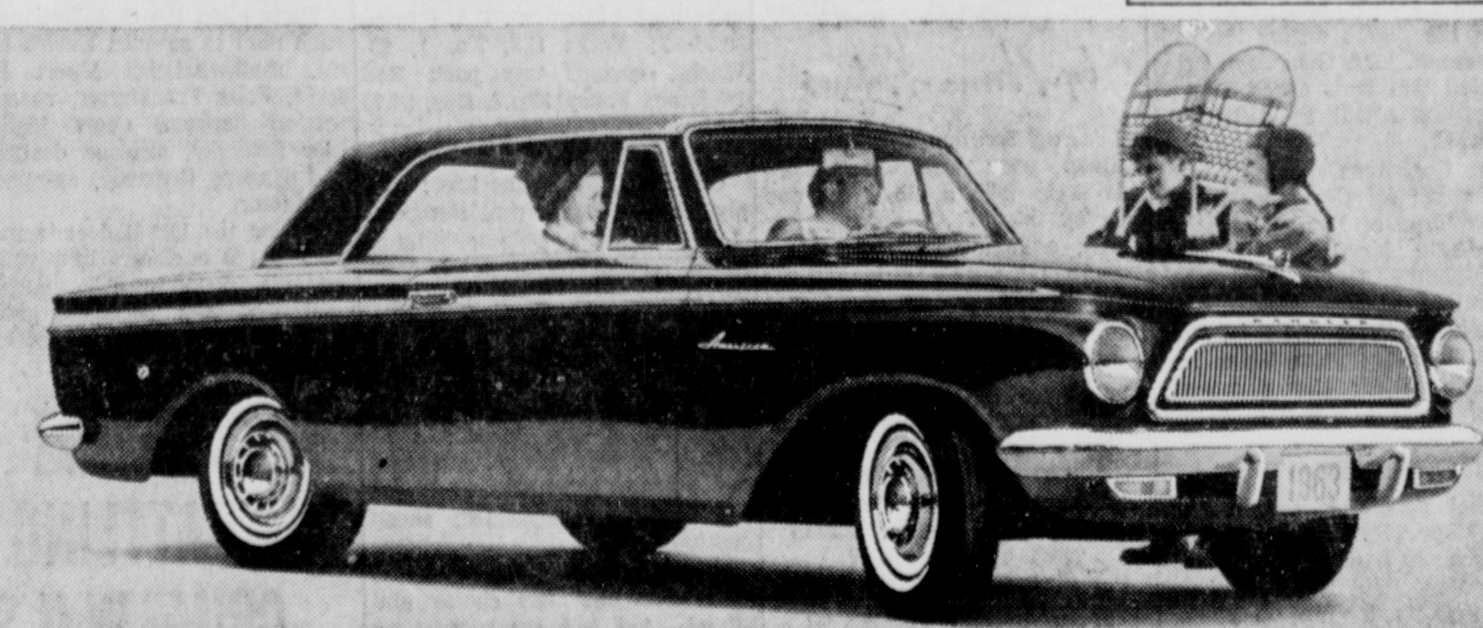

WASHINGTON (AP)—Mariner II has established a long-distance communication record, beaming a radio report to earth from 22.5 million miles out in space.

The mark was set Sunday as the 447-pound space probe continued its flight toward the planet Venus. The distance was slightly greater than that of the last signal received from the Pioneer V space probe on June 26, 1960.

# BRUENING IS WRITING HIS MEMOIRS NOW

By ARTHUR RISTAU  
NORWICH, Vt. (AP)—He is an old man now, alone with his memories in a simple cottage on a knoll overlooking this picturesque Connecticut River town.

Thirty years ago Dr. Heinrich Bruening, soldier, politician and scholar, held in his hand the destiny of a mighty country.

Bruening, 77 years old today, was chancellor of Germany during two tumultuous years when he led an unsuccessful struggle to maintain a democratic government in that strife-torn country.

**FORCED TO RESIGN**  
His resignation was forced on May 30, 1932, during the last desperate months of the German republic.

Seven months later the chancellorship was entrusted to the man who would bring an end to a 13-year attempt to make democracy work in Germany—Adolf Hitler.

Bruening was leader of the Catholic Center party when he assumed the chancellorship. He had won the Iron Cross as a machinegun captain during World War I. Less than two years after leaving office he was marked for murder by Hitler and was forced to flee in disguise to this country as a political refugee.

Bruening first came to Norwich

## Stolen Bronze Statue Returned

LAWRENCE, Kan. (AP)—A valuable bronze statue has been returned to the University of Kansas Art Museum two weeks after it was stolen.

The piece, valued by the museum at \$10,000, was found Saturday night on the sidewalk in front of the police station at Marysville, Kan.

The sculpture, which disappeared Nov. 10, is a 30-inch German expressionist piece, cast in 1920 by the late George Kolbe.

DENVER, Colo. (AP)—Surgeons at University of Colorado Medical Center removed the left kidney from the mother of a 12-year-old boy and placed it in the young, star Saturday.

The boy suffered from terminal renal failure—inability to urinate—a fatal disease. He had been using an artificial kidney.

A spokesman said first indications of whether the transplant will be a success should be known in about a week.

Names of the patients were not disclosed.

a year after leaving Germany to deliver a series of lectures at nearby Dartmouth College. He moved here several years later after retiring as Littauer professor of public administration at Harvard.

He lives in almost complete obscurity, spending most of his time in a small, book-crammed library which also serves as a living room in his little house. He is writing his memoirs.

# BEGIN PROBE OF CHRISTIAN UNITY BY RCEC

By BENNET M. BOLTON

VATICAN CITY (AP)—The Roman Catholic Ecumenical Council began examination Monday of a thesis dealing directly with the question of Christian unity.

The 2,200 council fathers, in closed session in St. Peter's, wound up discussion of "Means of Social Communication"—the press, radio, television, cinema and theater—and went on to the unity thesis.

A spokesman said this thesis clearly states that the Roman Catholic Church "neither can, nor wishes to, achieve unity at the detriment of any truths, no matter how large or small."

This statement would apply to Protestants as well as Orthodox but today's speakers said the thesis made its main aim at the latter.

**SOME DAMAGE**

The unity thesis had not been expected to come up until Tuesday. But the council fathers, at midsession, unanimously agreed to end discussion of the communications thesis and send it back to a drafting commission for incorporation of suggestions made during the debate.

Amleto Cardinal Cicognani, Vatican secretary of state and president of the Council Commission for the Oriental Churches, introduced the unity thesis. He said the thesis "contains an ex-

## Jobless Claim Up In State For Week

HARRISBURG (AP)—Unemployment compensation claims rose in the week ended Nov. 16, the Bureau of Employment Security reported today.

A slight decline in new claims was more than offset by a rise in continued claims. Continued claims totaled 168,673—an increase of 6,212 from the previous week—while new claims dropped by 418 to a total of 29,705.

## British See Plans For Super Bomber

LONDON (AP)—The British Air Ministry is to study plans for a bomber to fly 15,000 miles an hour at an altitude of 47 miles, the London Daily Telegraph reported today.

The newspaper said the plans had been produced by Dr. Barnes Wallis, inventor of the skip bombs the Royal Air Force used in dam-busting raids in World War II. Wallis, now 75, is chief of aeronautical research and development for the Vickers Aircraft Co.

pression of the solicitudes of the Catholic Church for restoring relations with the separated brothers of the East," a spokesman reported.

"We are united in faith but we disagree on a few truths, such as unity in Peter."

The spokesman said Cardinal Cicognani explained that the document concerned only the Orthodox churches. The document was described as "designed to emphasize the doctrines of the Church in this matter, to open the way to unity in the charity of Christ."

## Ford ideas so contagious they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is

Ford's full twice-a-year or 6,000-mile maintenance\* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer today!

Here's America's most contagious routine as seen on the 1963 Ford Galaxie 500/XL.
